School doors opened on September 2nd, a bit later than usual this year. Students were thankful for the delay, but were anxious to get back into the swing of things. The first few days were spent getting financial business out of the way and getting schedules straight, but students were happy, nonetheless, to be reacquainted with friends and to get involved in another school year.

## Homecoming exhibitors salute

Amidst cold Autumn winds, club and class members exhibited their floats, banners and decorated cars in the Homecoming Parade. Even though spectators were frozen, they enjoyed the creations and the powder puff football game between cheerleaders and football players. Participants were finally warmed up when fire was lit to the mock Liberty Minuteman. Apparently, the pep rally served its purpose as the Cavaliers stomped the Minutemen the following night.

(Top Left) David Templeton changed his role as masculine football player to cheerleader for the pep rally.

## *Eat, drink and be merry!*

Picture this—550 students fighting their way through the lunchline every day. Sounds lovely, huh? That leaves around 400 others wandering around in the halls that aren't marked "OFF LIMITS" and either smoking cigarettes or just trying to relax.

Lunch is the only time during the day that students can do what they want. Once in a while a student will find that he has the opportunity for a real treat ... a trip to Jesse's Place for lunch!

(Above)—Donald Smith is faced with the interesting prospect of eating a tomato in the middle of his conversation.

(Top)—Darlene Wood finds eating between the lockers a much more peaceful place to eat lunch than the lunchroom.

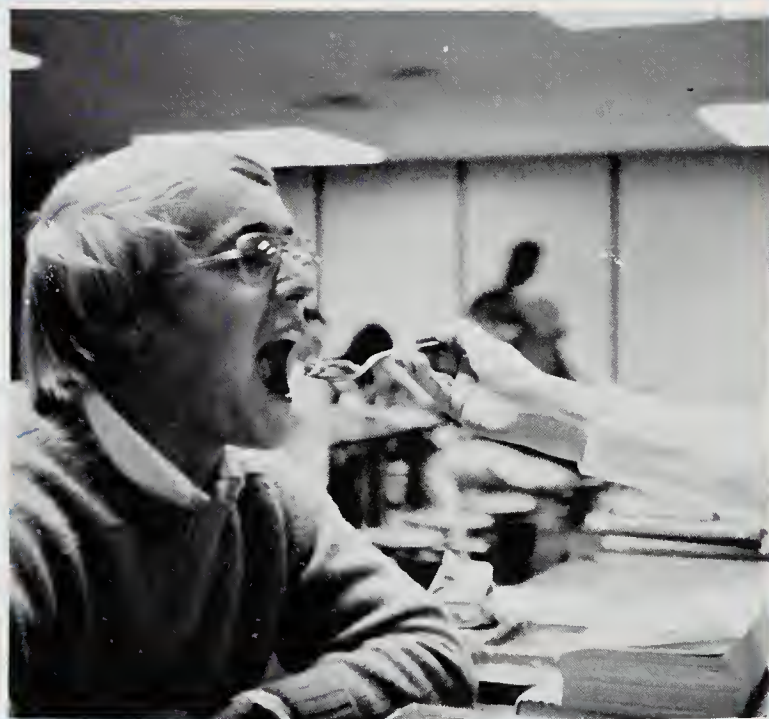

(Center)—Students gather 'round to hear tales of the Spanish students trip to Puerto Rico.

Just look at that delicious lunch!

Here we are . . . the part of school that takes the most out of a day . . . the classroom. Well, maybe it's not quite that bad. After all, once in a while you can get the teacher off of the subject, sometimes you luck off and have an assembly; on the really desperate days, there might even be a firedrill!

Eddie Roakes and Bryant Hare wait as Gigi Strader cooks the 'dogs'.

Carol Dunford, Mary Wilburn, Mr. Thompson and Laura Greenwood stuff their faces.

The Seniors spent a lovely day on the Peaks for the Class Picnic. Instead of classes, the seniors had a chance to walk around the area; eat hot dogs, hamburgers and many deserts. The highlight of the day was the giant water fight when the faculty chaperones (including Mr. Toms and Mr. Thompson) and most students got drenched with water!

# *Seniors have fun and laughs at Class Night Festivities*

Class Night for the class of 1976 was full of laughs for everyone. A delicious meal of roast beef, mashed potatoes and various vegetables was prepared by the cafeteria staff. Some of the teachers and secretaries provided pies for dessert. After supper, seniors were entertained by the reading of the "Senior Superlatives"—awarding the most deserving seniors the most ridiculous titles—and the "Last and Will and Testament"—leaving to deserving underclassmen and teachers some undeserved headaches!! After all the laughter, Jimmy Downing from Big Island entertained the class with folk songs.

Bev Busch, Debra Auxier and David Campbell await the start.

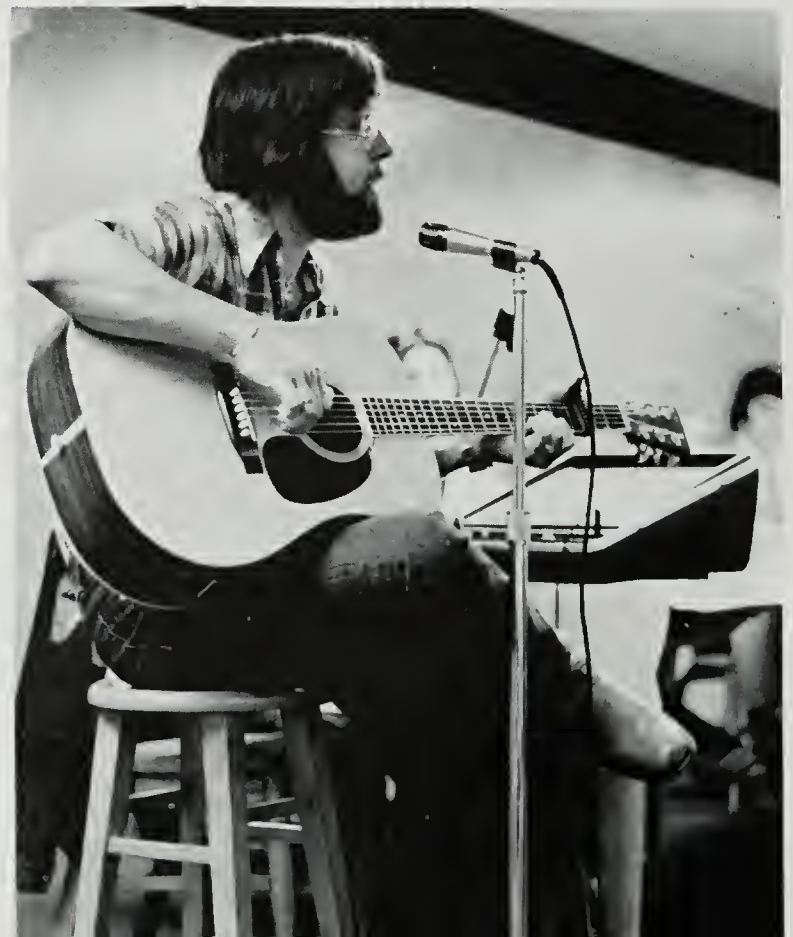

Angela Knight and Mary Wilburn read "Last Wills and Testaments."

Jimmy Downing entertains the seniors.

Mike McDaniel chuckles during the program.

Raine Pettyjohn presents his interpretation of the theme.

Celia Cohan welcomes guests at beginning of graduation.

Pauline Roberts receives her diploma.

## *Graduation at JFHS—June 10, 1976.*

Graduation took place on the athletic field at 7:30 p.m. on June 10, 1976. The top 10 seniors of the class welcomed the guests and delivered speeches on the theme "We May Never Pass this Way Again" (Seals & Crofts). Mr. John E. Thompson, Jr., principal, presented the diplomas while Mr. Robert D. Worrell announced the graduates. The Band played one musical selection in addition to "Pomp and Circumstance" for the processional and recessional.

The top ten seniors are as follows (not in order):

Sheila Branch  
Celia Cohan  
Deborah Davis  
Chris Fellhoelter  
Dawn Hensley

Dawna Johnson  
Raine Pettyjohn  
Ricky Routon  
Mike Thornton  
Nancy Watts

Bev Busch sneaks a grin during the pre-diploma talks.

It was just a plain ole day at J.F.H.S. except for Halloween. It seemed that all the seniors decided to reveal who they really were. Among these true identities we found Micky Mouse, The Three Stooges, Farmer Brown, and Count Dracula just to name a few. If you missed school that day you might not know who your friends *really* are.

You going to the hop tonight Sally Jane? Well only if John's D.A. is dry. Yes, people, J.F.H.S. students brought back those golden old '50s years with the knee length skirts and pants and white socks. As you walked the halls that day you felt as if you were on the set of HAPPY DAYS. By dressing up you could image what you and your friends would have looked like in the NIFTY FIFTYS.

# *Exchange Students Experience Life At JFHS.*

Ricarido arrives at the Allens house.

Ricarido Escudero was an exchange student from Lima Peru. He stayed with Mike McDaniel the first two weeks and Doug Allen the remainder of the three months. Ricarido is 16 years old and enjoys soccer which is the main sport of Peru. Ricarido speaks Spanish and very good English. While here he participated in many sports activities, soccer and weightlifting were a few.

Ricarido really liked JFHS for one reason more than the rest—girls! He goes to a private school for boys in Peru. He found the people here very interesting and the American ways very amusing at times.

How much do I get paid for this?

When in Rome do as the Romans do!

Chris looks over some American magazines.

What are you doing in my room?

Swimming is one of Chris's favorite sports.

Christian Sagesser was an exchange student from Sao Paulo, Brazil. He stayed with Glenn Thompson and was here nine weeks. While he was here he enjoyed many things such as, a trip to New York, Williamsburg, Wintergreen several movies, and many sports activities. Chris plays tennis, swims, and is a very good soccer player. He was able to do all of these sports while here.

Chris said that the people at JFHS were very friendly and the school very interesting much different from his own. In Brazil the school year starts in March and ends in December. Twenty-three subjects are taken per year. The school dress is a uniform and blue jeans are worn only after school.

Chris made many friends while he was here, and left with many memories of teachers as well as students. He wants to return to America again after he finishes school to visit.

# Seniors and Underclassmen receive awards during Annual Awards Assembly

Mike McDaniel receives award for Spanish Club.

Seniors entered the gym to the chords of "Pomp and Circumstance," dressed in caps and gowns. The second annual awards assembly had begun. During this assembly, Seniors and underclassmen were recognized for high achievement in subject areas and contest entries. Scholarships and cash awards were given to deserving seniors for their college expenses. Below are the awards and scholarships that were awarded.

Deborah Ragland and other seniors watch the assembly.

Well, I guess everybody is getting pretty bored with my little speeches about all of our problems. We still have problems, more than our share, but I won't tell you about them!

I would like to thank Mrs. Childress for all of her help. She will do and did do anything for us. I would also like to thank Mike Tinsley for his brilliant contribution of artwork on the cover and division pages. Mr. Bob Creasman, who is no longer with us, was also a great deal of help. Many thanks to the people who helped selling ads, yearbooks and raffle tickets.

Here it is, the end. It has been a pleasure working on this yearbook. It didn't exactly come out as it was planned, but I hope you like it.

I hope that the past yearbooks will provide as many happy memories in your future as they will in mine.

# *The S.C.A. governs the student body . . .*

What is an S.C.A.? My personal definition is: a cooperative association that acts as a link between the students and administration, striving for improvement in everyday school life. Every student in our high school is actually a member of the S.C.A. The S.C.A. thrives on student support, something which is definitely lacking at the moment. I often wonder if the students of Jefferson Forest are proud of their school. There are some school spirited people here, but not enough to influence the apathetic ones. I think it's time each student took a look at himself and ask one simple question—What have I done to contribute to my high school? High school years are the best years of your life, and you should take every opportunity to get involved for the betterment of your school. The S.C.A. is working for you, as are the teachers and administration. Do something in return; get involved. Respect this school and yourself, and then and only then will others respect it. It's time we started giving a little, instead of only taking. Jefferson Forest is a great school, but we can make it the greatest with a little more effort from each and every student. Put forth this effort; make things happen. It's for your own good.

Thank you,  
Mike Thornton

# *The S.C.A. has busy year.*

This year's Student Cooperative Association succeeded in building up the school's image in many ways. The group did everything from sponsoring door decorating contests to putting a float in the Bedford Christmas Parade and collecting for the needy of the county. Midterm exam exemptions were finally won, that being one of the most important accomplishments of the year.

Homeroom representatives were busy reading minutes to the class while the officers were busy running the school store. Everyone became involved in making the school a better place.

Julia Rosser smiles as she spends her morning in the school store.

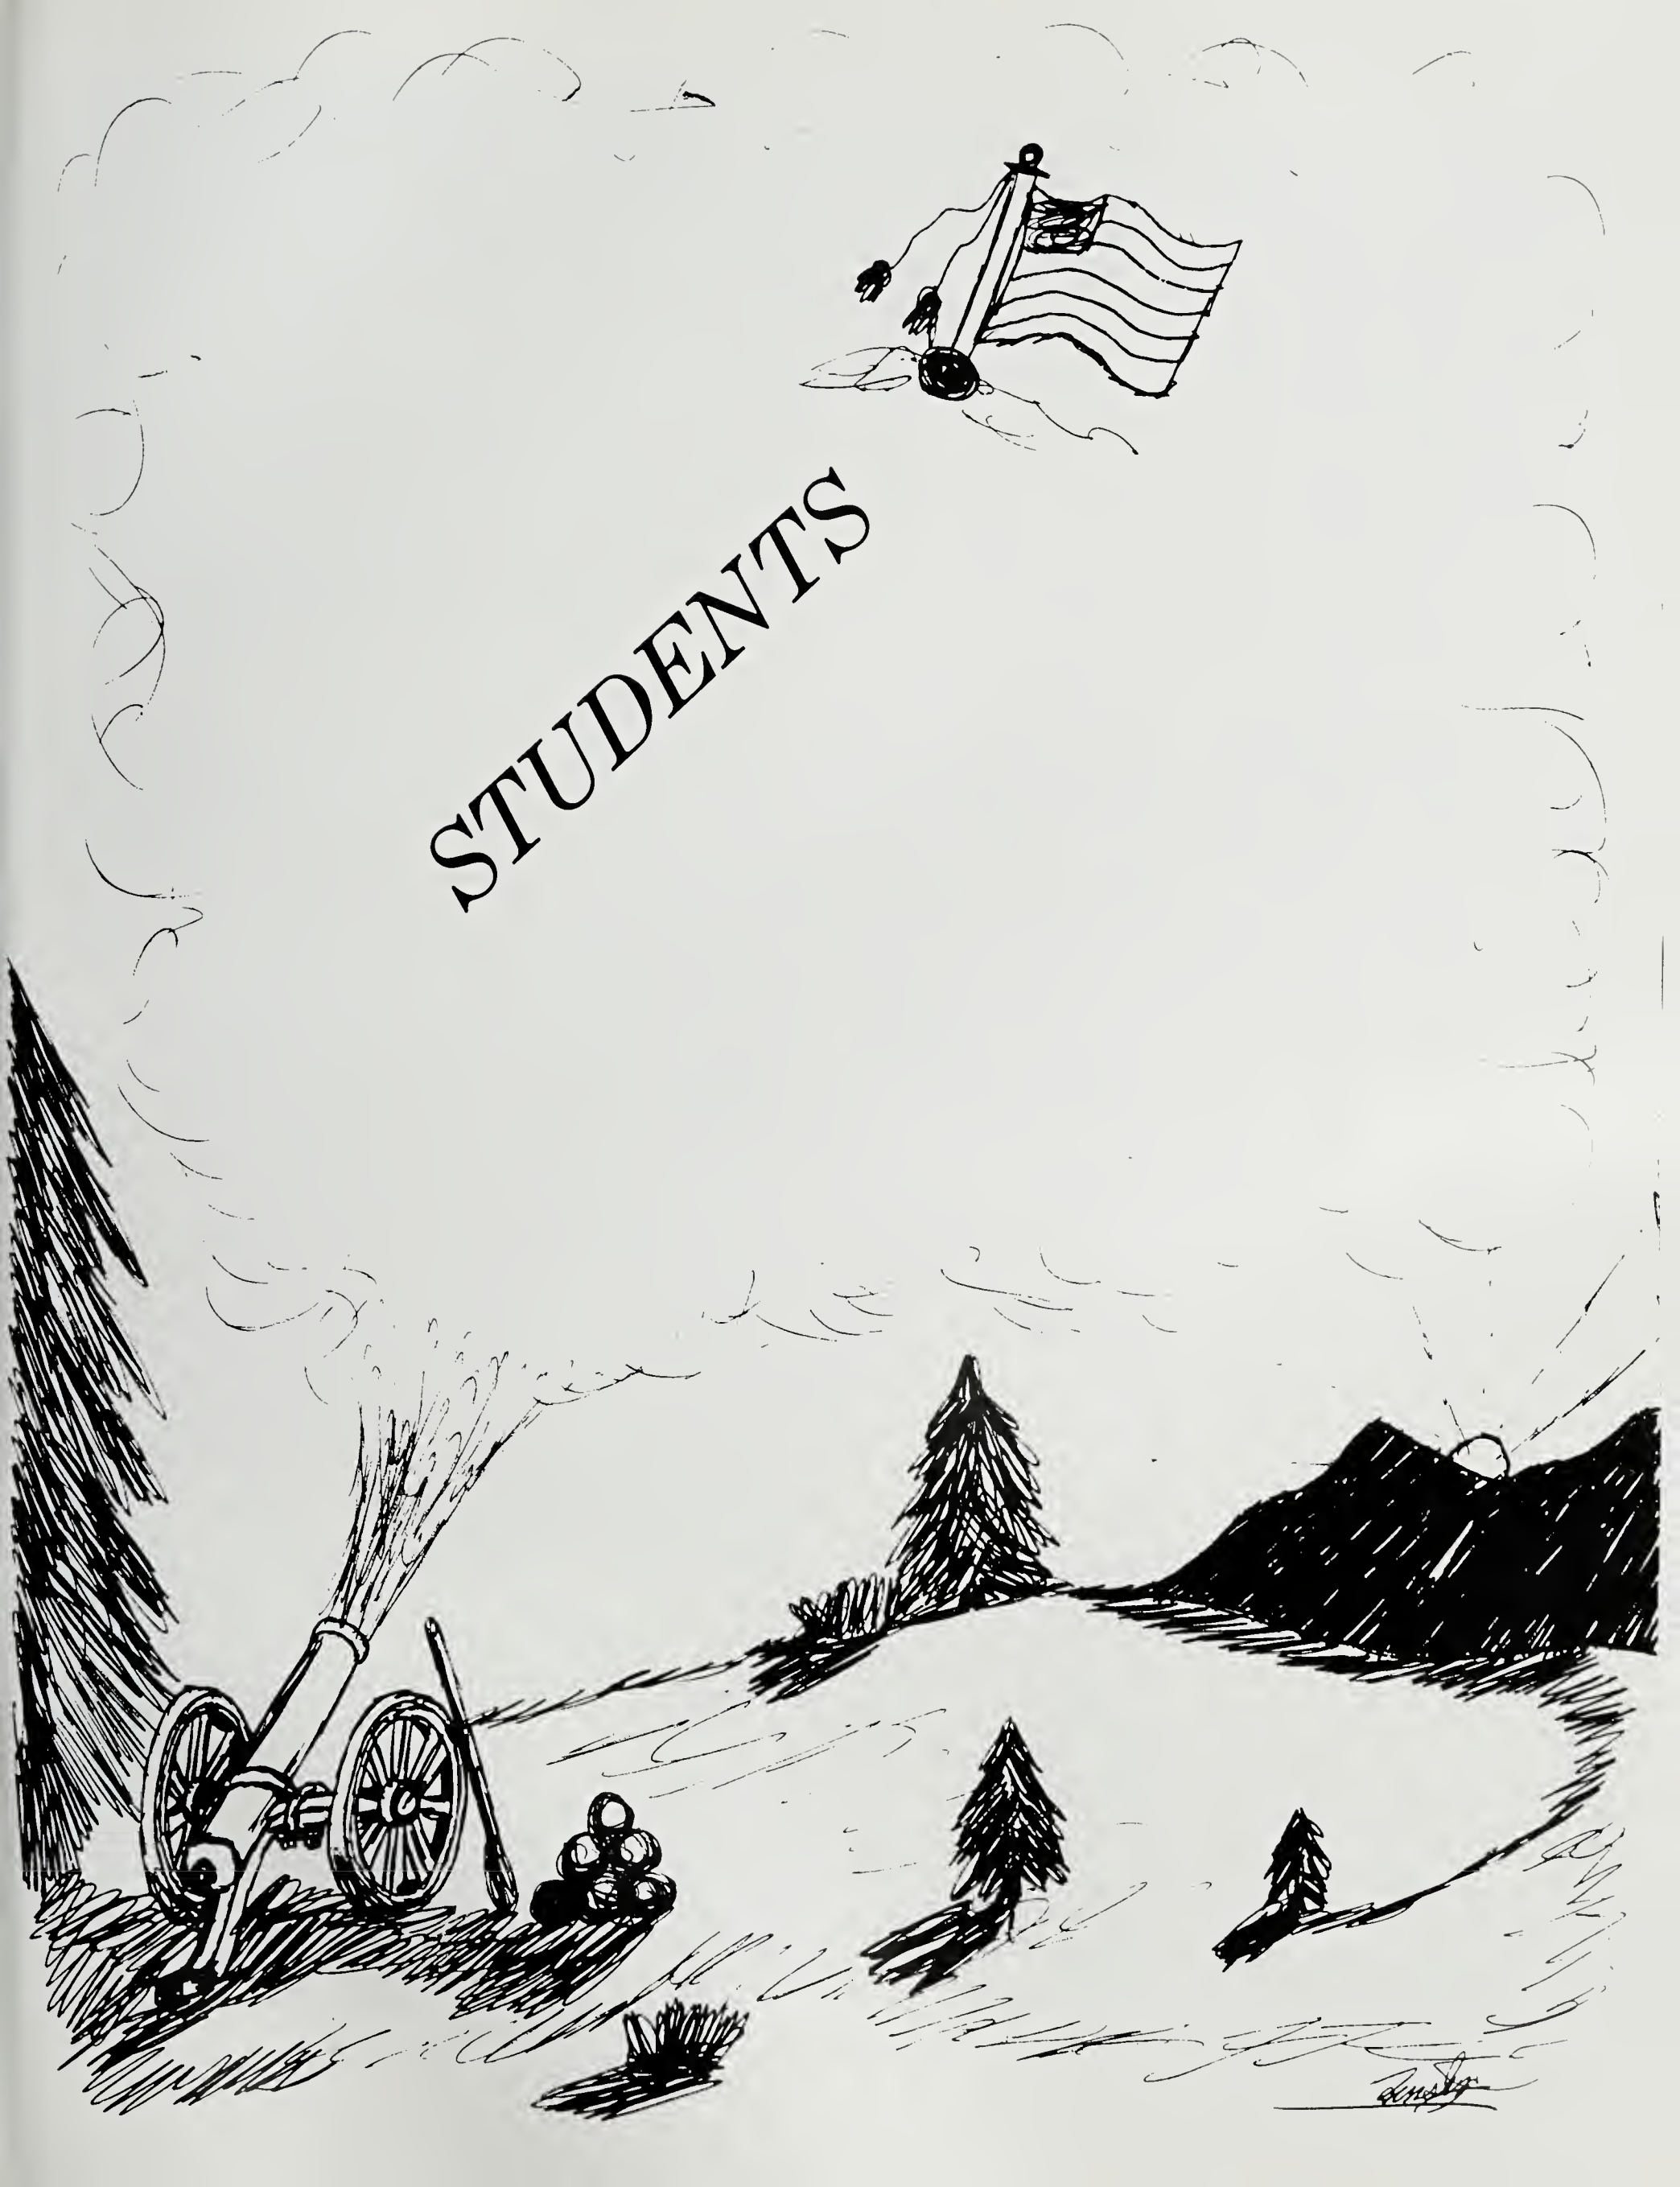

Riding the float, Colonial Christmas, in the Bedford Parade are Angela Knight, Norman Knight, David Melton and Inez Whorley. Unseen are Stuart McCabe driving and Cathy Watson.

Officers: Pres. Mike Thornton, Sec. Julia Rosser, Rep. Stuart McCabe, Treas. Dawna Johnson and V. Pres. David Melton.

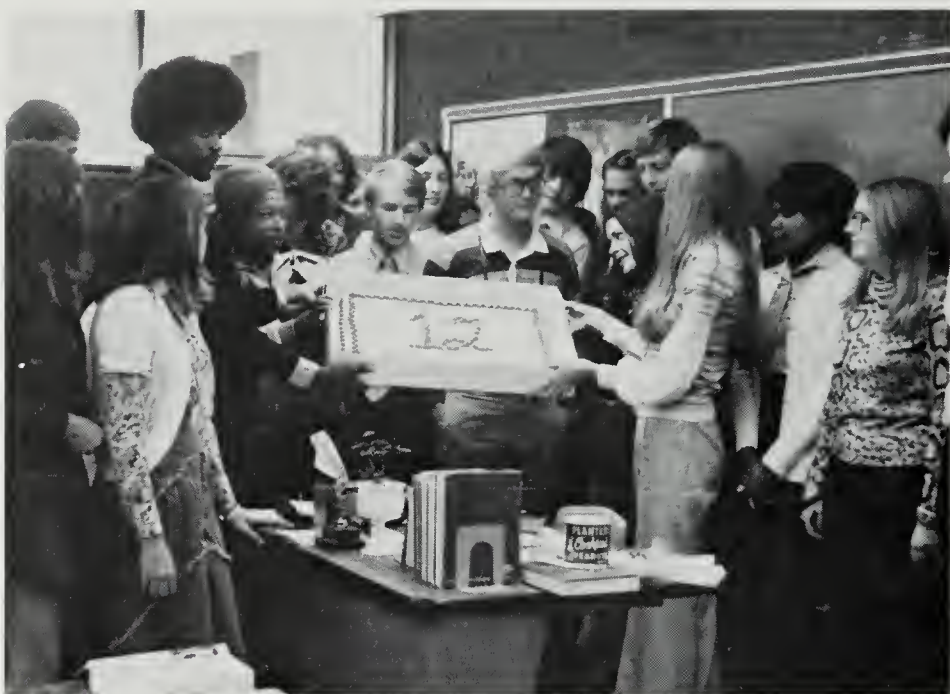

# STUDENTS

What can't you say about this year's Senior class?? They definitely are "the Spirit of '76". Aside from being the winners of four spirit sticks at the time of publication, 75% of the class also participated by dressing up on Nifty Fifties Day, Halloween and even on Frog and Aardvark Days. Name the occasion and the class would go out of its way to celebrate it.

The S.C.A. could always count on Seniors when they needed work done on a project. Some of these projects included working on the float for the Bedford Christmas Parade, collecting food for the needy, working on exam exemptions and painting the trashcans in front of the school. Even though they failed once again on exam exemptions, Seniors took the defeat in stride and continued to work.

The Senior Advanced Grammar class gives themselves a treat.

Preparing for the future, the Senior Class spent much time studying for tests, taking college boards, hunting for jobs and applying to colleges.

Of course, there was also a large percentage of students who didn't stick around any longer than second period. Some went out to work and others left just to leave the school scene behind.

There were some activities that were shared by everyone. Among these were ordering announcements and caps and gowns for graduation, paying dues enabling the students to take advantage of such activities as Senior Day, Senior Picnic and Class Night.

This year's Senior Class found that graduating was no cheap process. High costs emptied the pockets of many.

At the end of school last year, it was announced that Nancy Watts and Dawna Johnson would attend the Governor's School For the Gifted. This was of course, quite an honor as there are few chosen. Nancy chose to major in Spanish and Literature. She was quite happy with the program and enjoyed the speakers and entertainment.

Nancy and Dawna were chosen to attend the school on the basis of academic achievement and extra curricular involvement. More on the "School" will follow on page 43.

Girl's State was held June 15-21, 1975, at Longwood College where 650 girls from all over Virginia gathered for a week of assemblies and competition. The girls were divided into 13 cities with 50 "young ladies" in each. The cities competed in areas of sports, organization, designing cheers and marches to perform during different times of the day. We decided in our first session to learn as much as possible and to have as much fun as possible without trying hard to win "model city" award. Dawn's city did win 1st place in sports. Although each of us proclaimed our hate of the whole system, when Saturday came, there was not a dry eye on the whole campus. We met so many fantastic girls—the friendships are still intact through letters and telephone. It was an experience we'll neither regret nor forget.

Dawna Johnson, who attended the Governor's School for the Gifted, is giving blood.

Dawna Johnson was one of the 1975 delegates to the Governor's School for the Gifted. Dawna resided at Mary Baldwin College from June 20-July 17. Each student was allowed two majors, Dawna's being Literature and Biology. The students were given lectures, speeches on their subject areas and were taken on several field trips. In the evenings and on weekends, formal and informal dances were held with a variety of live bands playing. Sports also played a part in the program.

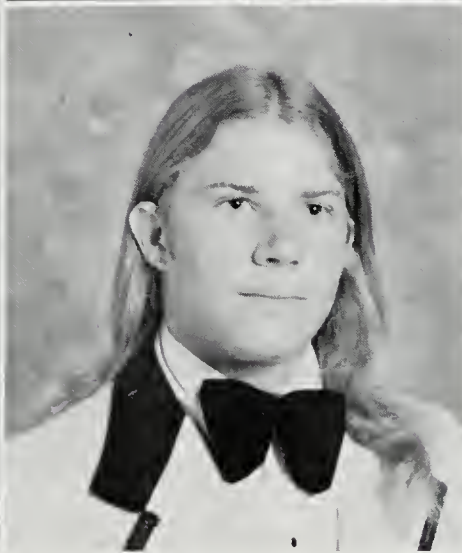

The purpose of the "School" is to acquaint students with college and with fields in which they are interested. Dawna said she learned a lot and as a result of the program, she has decided to go into either Medicine or Biology as a field. Dawna was accompanied by Nancy Watts.

Scott Burnette, a delegate to Boys State, which was held June 15-21, 1975, was interviewed about his week at the session. Scott said that he had a very interesting time and that he enjoyed guest speakers the most in the program. The daily format began with meetings on state and local government, then meetings on political parties. After the meetings, there was sports competition between different cities, with a guest speaker following dinner.

Scott's City came in 2nd place in sports competition. While at Boys State, Scott was one of three chosen from 650 to represent the group on the A.M. Virginia T.V. show on WLVA.

## *Class of '77, still going strong!*

The Junior Class is taking the big step toward becoming upper classmen. The Sophomores gave a successful Ring Dance for the Juniors. We are looking forward to giving the Seniors a Prom in the Spring, holding contests, and sponsoring a pageant. Many Juniors were honored to receive invitations to join the Beta Club in November. We believe we are working toward a rewarding goal and we are proud to be the Class of '77!

We can only speculate about the direction each of us will take after next year. However, we can look back and recall the changing and growing that every student has accomplished. School was just our starting point of broadening horizons and fulfilling dreams. Perhaps we shall recall J.F.H.S. as the root of our stability. We should hope for the future and all we can be and not what we are. Live and love us today, you may not see us tomorrow. Robert Foster.

Managing the football team here at JFHS is Macky Bryant. Macky is in charge of taking care of the equipment (footballs, jerseys, cleats) and is also responsible for First Aid. The manager must also attend practice everyday. He keeps towels, salt pills ice and water ready for the players during the games. So you can see the football manager is a very busy man and contributes much to the game.

In the two years that this class has attended Jefferson Forest, they have worked hard on many projects such as painting spirit posters for pep rallies and contributing in money raising activities.

Hello, my name is Stuart McCabe and I am a member of the Freshman Class here at Jefferson Forest. In the two years I've been attending the school, I have observed all classes and have seen how much spirit, productiveness and all together how each class contributes to our high

school. I feel our class can surpass any class yet in doing different projects and things around the school. I think most of you will agree that we can make a mark at JFHS if we pull together and keep the best spirit possible the class of '79 will be one to remember.

This year many ninth graders are participating in extra-curricular and sports events. Almost half of the JV Football team were ninth graders. Also, most of the JV Basketball team are ninth graders.

We have already held one class meeting and collected dues for projects in the future. Each English class has 2 representatives to report any new events for the class or for the school.

We are really looking forward to the next three years at Jefferson Forest High School. We hope that we can continue participating in sports and other events. If we can keep up the good work, we will be an asset to our school.

What's happening? My name is Bobby Austin and I am the president of the ninth grade. As president, I think we're going to have one of the best classes if we work together, and keep striving for the best possible.

When I first came up here my brother, Jerry, and my sister, Mary, said I was going to kind of have problems making friends. But I found out that they were partly wrong. Because I just tried to be friends with everybody and most of the people did the same back.

I am very proud to be a Cavalier. I am willing to live up to the good name of the school to the best of my ability.

## *Eighth Grade officers lead the class forward.*

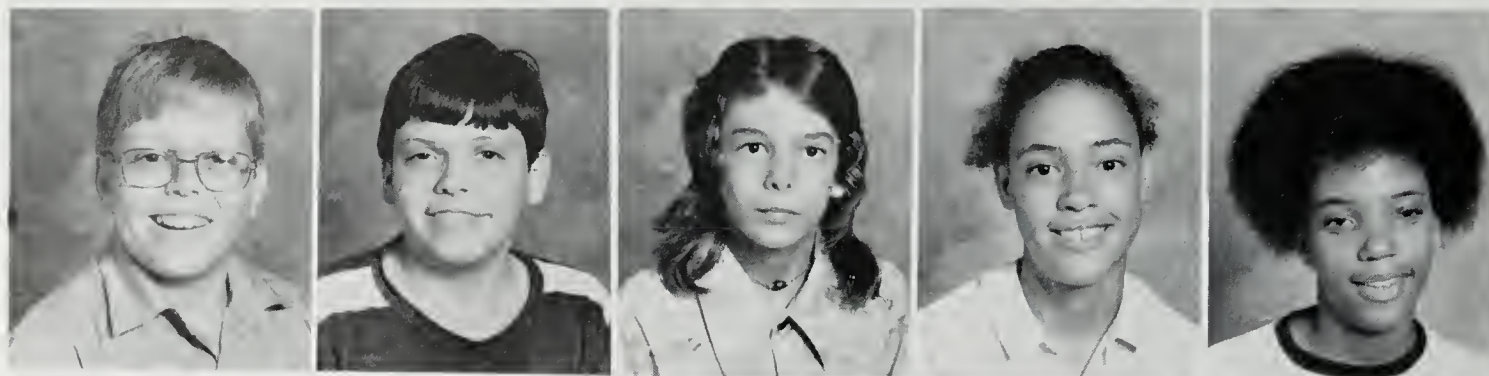

The eighth grade class has started their journey down the road of high school. In their travel, they will learn the meaning of responsibility and self reliance. Achievements and failures will be taken in stride as just another step on the ladder to the top.

Good luck Class of 1980! You've got a long road to travel!

The 8th grade has started showing school spirit. In past years when each of us started in the eighth grade, pep rallies were for the older kids who knew the cheers. Well, now the eighth graders are learning the cheers fast and will some day out cheer the rest of the school.

A rising sun signifies new horizons for the Eighth Graders.

## *Seventh graders mix well with high school students.*

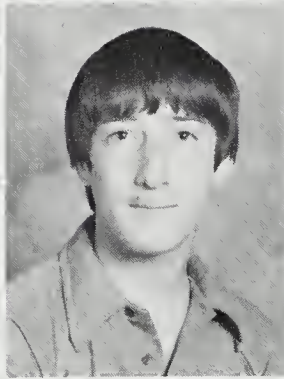

David Allen started skiing at the age of 4. He started skiing in competition at the age of 8. Since then he has accumulated over 50 trophies and has claimed a national rating overall in his age group.

There are 3 events: trick, slalom, and jump. David says his best event is jumping, but he does very well in the other 2 events.

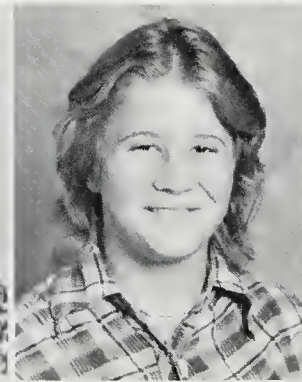

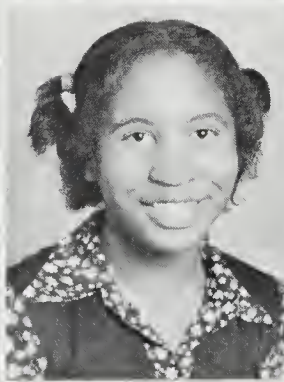

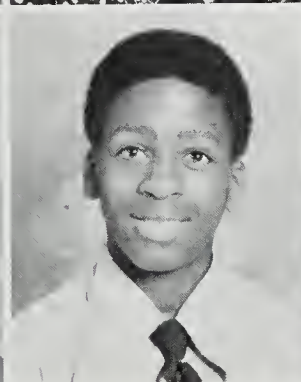

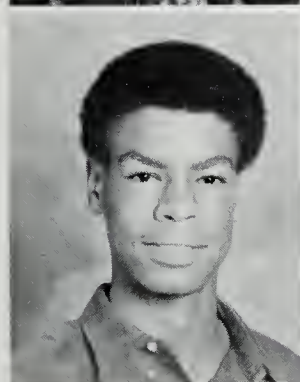

He competed in the Eastern Regionals in Petersburg, Va. against 10 boys. Only the top 3 would advance to the Nationals in Tomahawk, Wisconsin. He was one of these boys by winning 2 First Places and 1 Second Place. At the Nationals he competed against 38 boys and in overall competition, he was number 9.

# FACULTY

*Big "T" heads  
administrative team . . .*

The Administrators of JFHS have a big and important job. Mr. Lloyd R. Cregger is in charge of the buses and 10th, 11th, and 12th grades. Mr. Robert D. Worrell is in charge of student books and lockers and the 7th, 8th and 9th grades. Mr. John E. Thompson, Jr. oversees everything.

Besides these many duties, the administrators spend their summers making schedules for the next school year.

The pictures on the 2 pages include the following (from left to right): Mr. Thompson and Mr. Worrell supervising a basketball game. Mr. Thompson going to lunch. Mr. Worrell resting while monitoring outdoor lunch traffic. Mr. Cregger waiting to begin work in the office. Mr. Worrell at the end of a long day. Mr. Cregger catching up on paperwork. Mr. Thompson signing letters amid other paperwork.

## *Secretaries*

Miss Thurman occupies herself with the lunch tickets.

Mrs. Goodman approves early dismissals.

Mrs. McCoy greets everyone with a smile.

Miss Thurman checks a student's absence.

After a hard day Mrs. Goodman can finally smile.

Miss Thurman sneaks out of the office to have a morning cup of coffee.

Miss Thurman and Gail Matthews discuss office affairs.

Behind all good schools there's an efficient secretarial staff. Miss Patti Thurman types letters to parents, prepares lunch tickets, and answers silly questions. Mrs. Betty Goodman keeps an accurate record of student attendance, answers the phone, and tries to answer any questions. Mrs. Wilma McCoy must keep track of all the money turned in by clubs and individuals. She pays the bills!!!

Unfortunately our secretaries are often taken for granted. They deserve our support and consideration.

Mrs. McCoy checks the student schedule cards to send a locker refund. "Can I help you?" asks Mrs. Goodman.

The Jefferson-Forest library, under the supervision of Mrs. Jan Mattox, has greatly expanded its resources that are available to the students this year. Many new books, as well as filmstrips and other educational sources, are now in the library. The library hopes to concentrate its efforts on the expansion of the audio-visual equipment. A great new dimension has been added to the library. Students may now enjoy music in the library during certain times of the day. Mrs. Mattox, as well as Miss Sharon Nelson and Mrs. Lois Ayers, assistants, hope to continue improving the library.

Miss Nelson and Mrs. Ayers seem to find card cataloguing very amusing.

# *Librarians Work to Expand the Library*

Mrs. Mattox tries to get her point across to one of the students.

Who say librarians are hard workers?

"Is this the one you're looking for?"

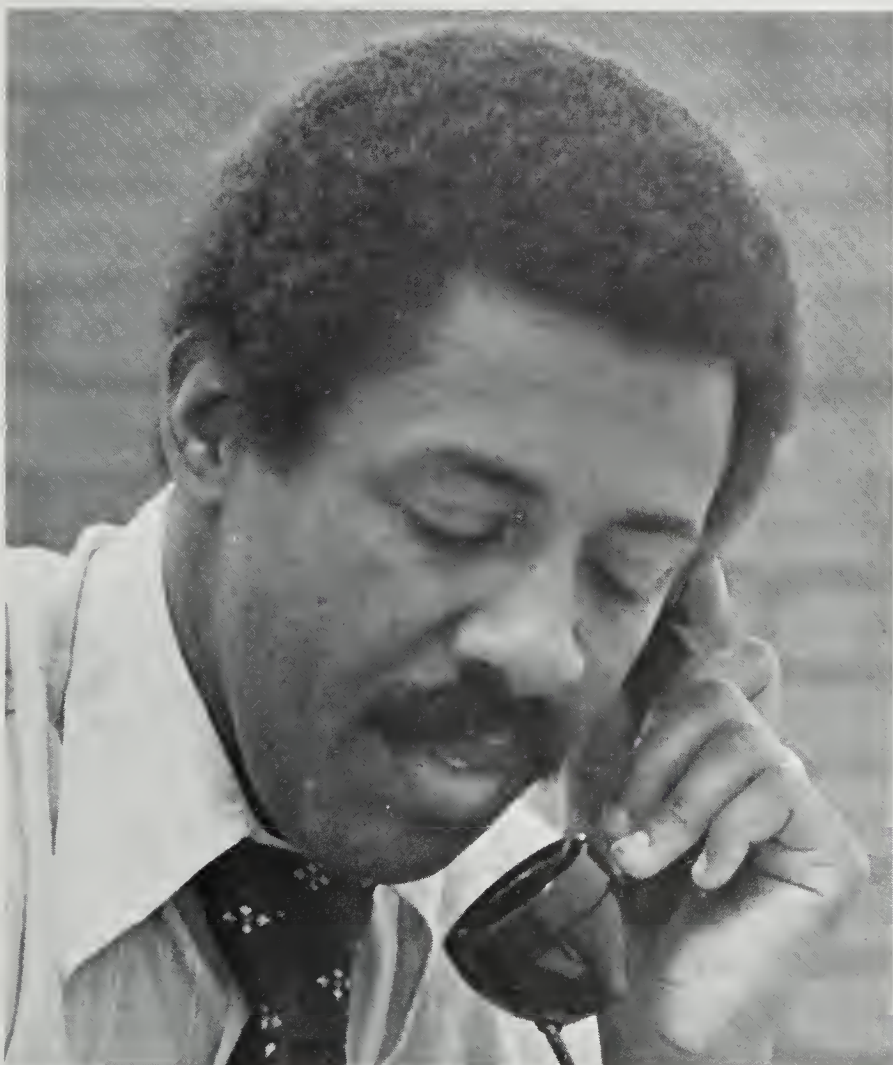

Mr. Oglesby helps a student fill out his scholarship application.

## *The Guidance Department Continues to Help Students*

There are three guidance counselors this year. Mr. Willis Oglesby works with students, grades 7-12, from the letters A-F. Mr. Horace Rice, also a sponsor of the Martial Arts Club, works with students G-M. Mrs. Jane Woodson, also a sponsor of girls intramurals, works with students N-Z. Mrs. Woodson's year was further highlighted when she attended the Educator Airlift at the Air Force Academy in Colorado Springs, Colorado, for three days. The guidance department works with students to help them understand their abilities, interests, and special aptitudes. They also help students to acquire information about educational, vocational, and career opportunities within a changing society and make appropriate adjustments and wise choices.

Mr. Rice talks to an interested employer for his students on the phone.

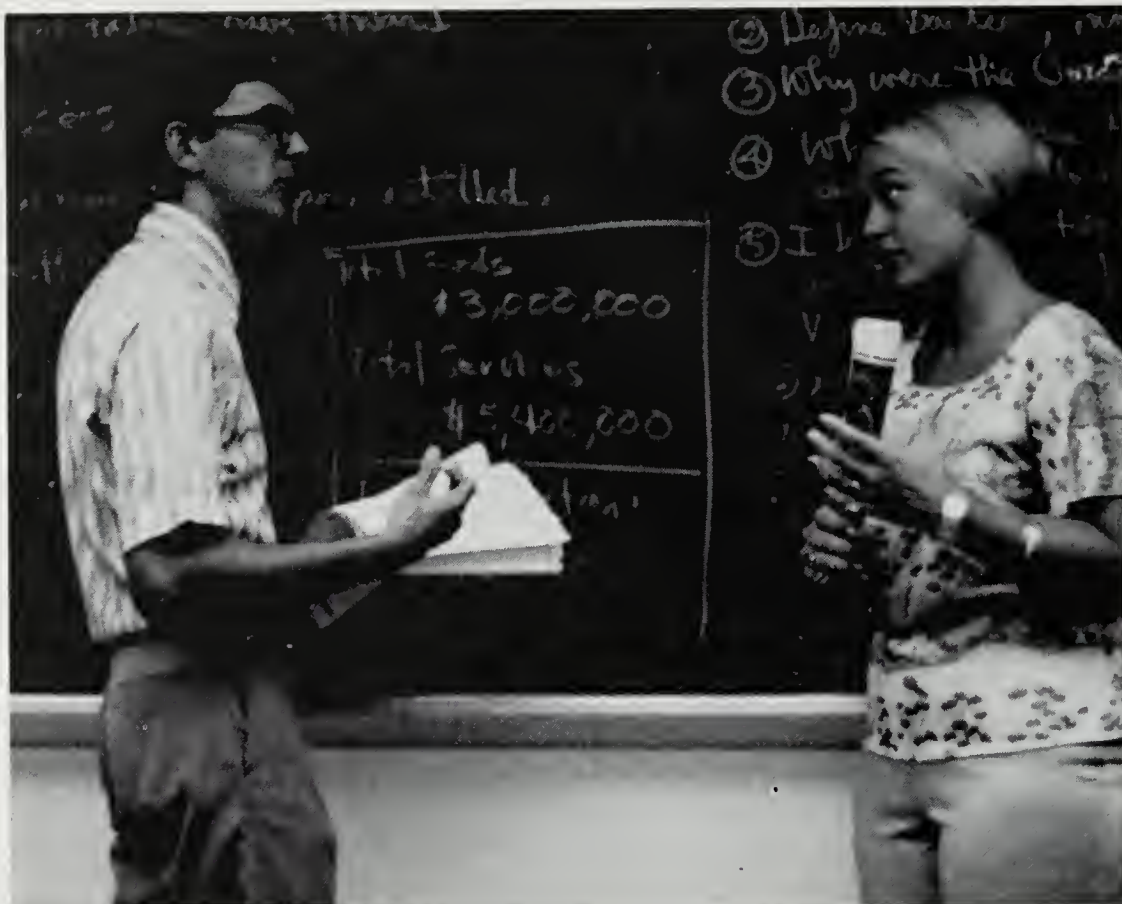

Mrs. Woodson files through her records for a student recommendation.

## Social Studies Dept. 1975-76

The social studies department of Jefferson Forest High School is subdivided into five areas: Government, U.S. History, Sociology, World History and World Geography. The biggest event this year for the Government class was the trip to Washington, D.C. The trip included a tour of the United States Capital, the White House, the Smithsonian, minuments and a talk with Mr. Caldwell Butler, Congressman for the 6th District of Va. Also the Government classes were involved in mock trials during the unit of the Judiciary. Some students visited the Bedford County Court House to get first hand account of how local government is run. Finally, mock elections were held.

Mrs. Stennette isn't really gonna hit Mr. Toms with that magazine now is she?!

## *Here they are ... our J.F.H.S. History and Gov. teachers!*

### History 11

U.S. History classes were not able to take their planned trip to the General Assembly so classroom activities were used to bring the functioning of our state and national government into perspective. Projects with an "Americana" theme that fitted in with the Bicentennial while helping some students gain first hand knowledge of how pioneers adapted themselves to their environment and used whatever materials were at hand.

Mrs. Stennette seems to be enjoying her history class.

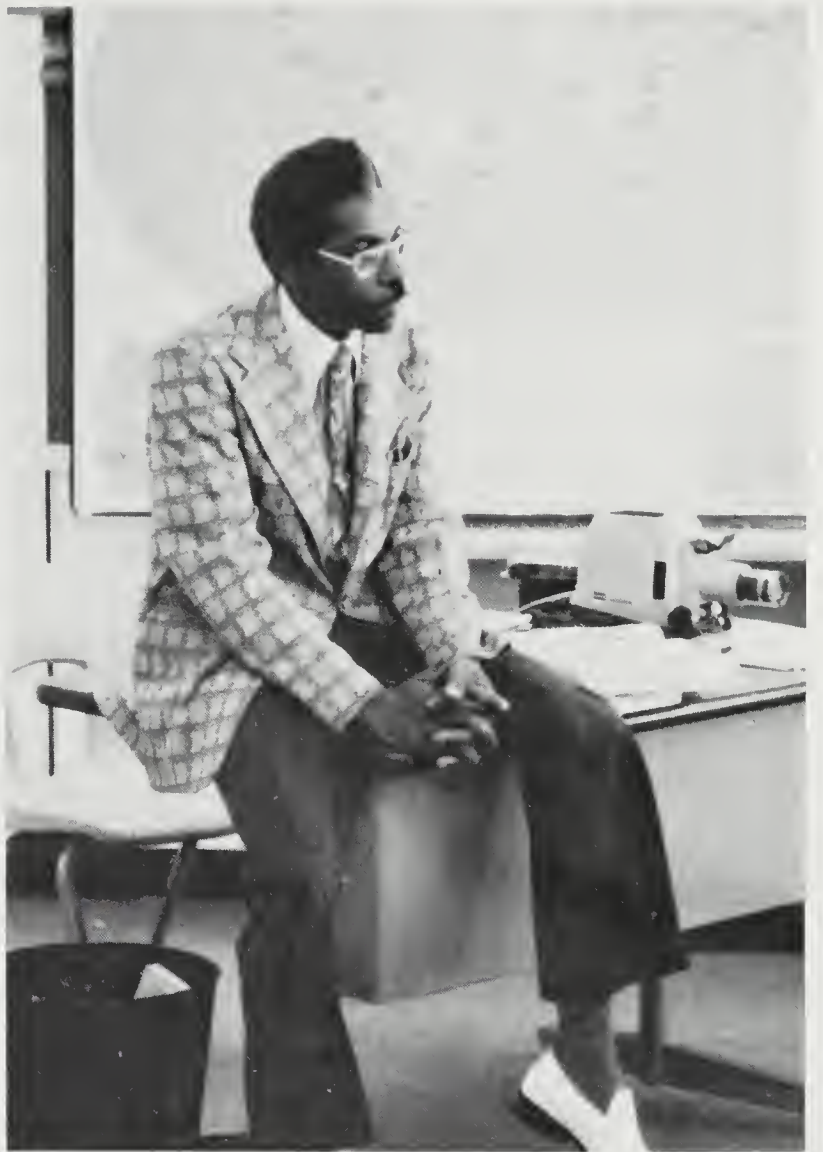

Coach Styles takes a "Pringles break" from his history class.

Mr. Toms must have decided to teach his government classes sitting down!

Rev. Beamer, your history class couldn't be that bad, could it?

Rev. Palmer dictates to his not-so-interested government pupils.

Ms. Frazier is delighted with her small history class today.

# *The Science Department in- creases in size.*

The science teachers encouraged students from Jefferson Forest to enter the Bedford Science Fair. We were very successful. Mary Watson's project, "The Effects of Pyramids on the Preservation of food", won first place. She will be competing in regionals. A third place went to Matt Yeatmann in the eighth grade position for his entry of "Is solar power the answer?" Mac Hargis received an Honorable Mention for his entry or "Leading Causes of death in Humans." The science teachers aided in transportation of the projects and setting up the projects at the science fair.

We caught Mrs. Boothe getting into mischief.

Mr. Hritzko helps Donna Karnes with homework.

What is lurking behind Mrs. Boram's smile?

Mrs. Vincent listens to an intelligent question.

Mr. Murphy explains the fundamentals of his stick.

No jokes escape Mrs. Turpin's ears.

Math Department this year has been very active. They have participated in many activities inside & outside of school. Such projects were students entering projects in Science Fair and a math contest at CVCC. They have also supported the school in many sports activities.

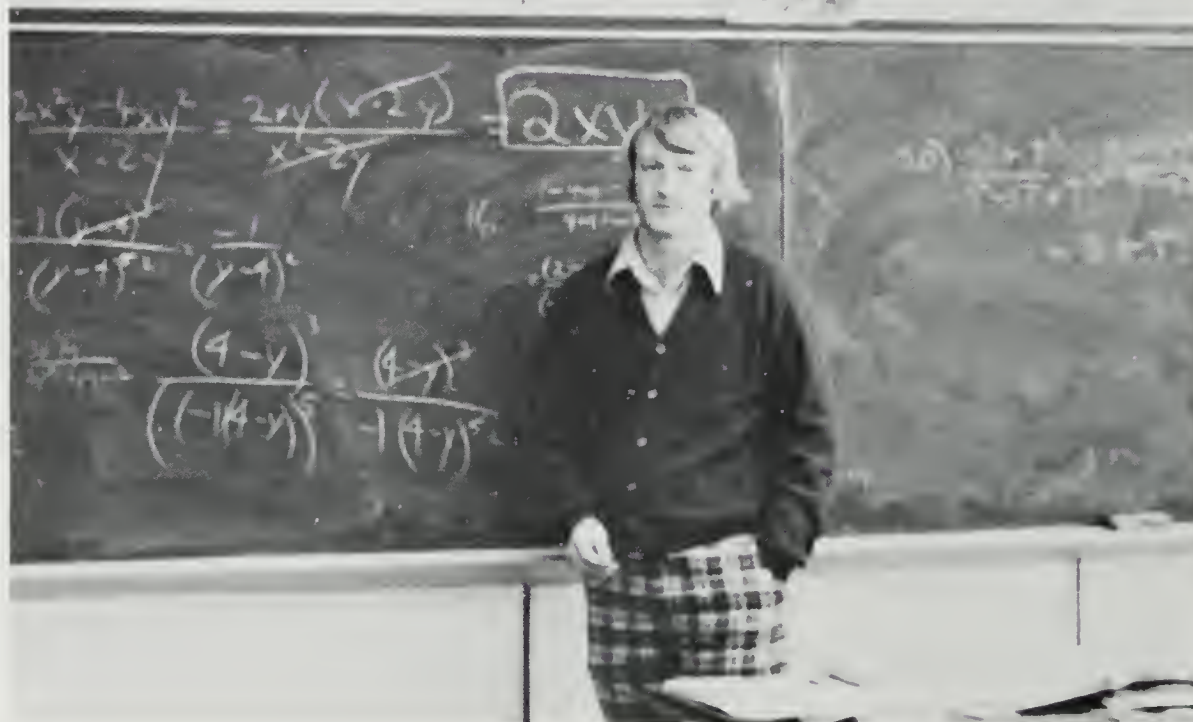

Center left—Mr. Wingfield and Mr. Lowry watch closely at the progress of the warm ups.

Top right—Mrs. Bettie Campbell teaches Algebra and Geometry.

Center right—Mr. Nowlin Wingfield teaches Math 8 and Physics.

Bottom right—Mr. Clayton Webber teaches Algebra II, Math 8 and Analysis, Trig and Functions.

## *Math Teachers On The Move.*

Bottom right,—Coach Webber massages Calvin Thomas's leg during a game.

Top left,—Mrs. Sandra Dick teaches 9th grade math, pre-Algebra, Business Math, and Algebra I.

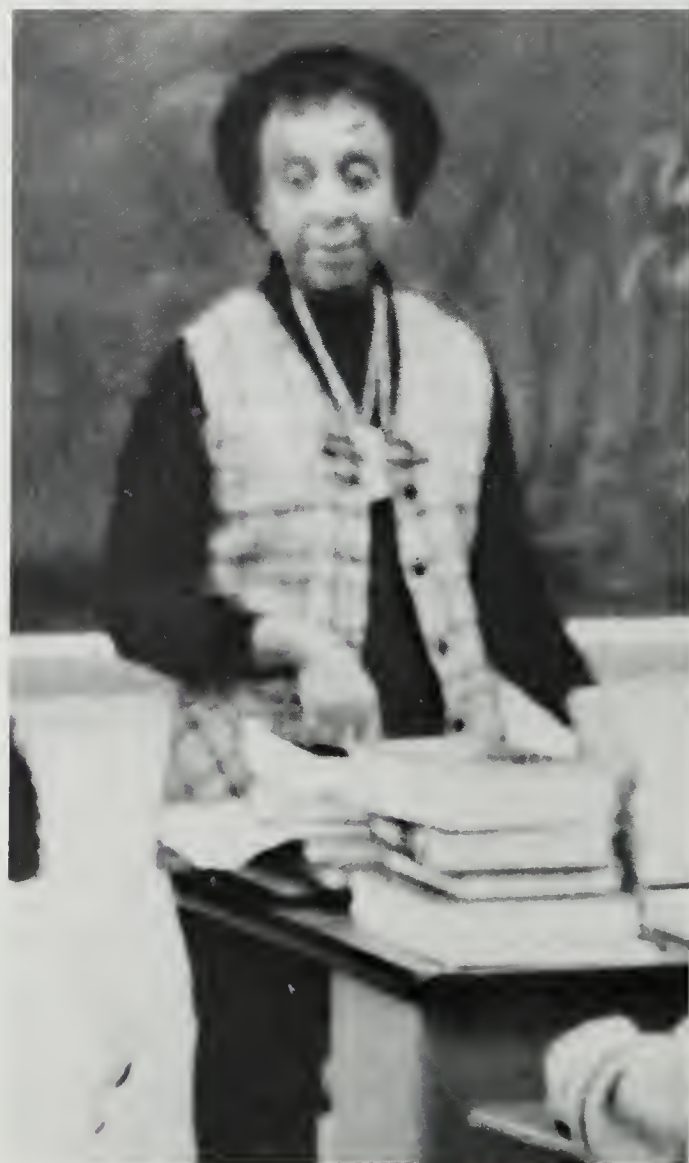

Top right,—Miss Kathy Wilson teaches Geometry, Consumer Math, and 9th grade Math.

Mrs. Campbell cares about plants like she does her students.

# English Department

The English Department has been busy this school year working with the students in the publications of the Literary Magazine, the Yearbook, and the Newspaper. Each student has had the opportunity to participate in literary contests with the encouragement of the English teachers. This gave students the chance to write creatively outside of class. This year's teachers: Miss Mary Wingfield, Eng. 8; Mrs. Susan Lindstrom, Eng. 8, Drama; Mrs. Pam Taylor, Eng. 9, Journalism, *DECLARATION*; Mr. Harry Woods, Eng. 9,10, Rock 'n' Soul; Miss Pat Boehler, Eng. 11; Mrs. Ruth Boswell, Eng. 11,12, Advanced Grammar and Composition, *CAROUSEL*; Mrs. Irene Madison, Eng. 10,12; Mrs. Wendy Childress, Eng. 9,10, *SELVETTA*.

Mrs. Childress holds "Daisy"—a Christmas kitten.

Mrs. Lindstrom considers many plays for drama presentations.

Mr. Woods is caught in the act—of what?!

Mrs. Madison lectures to her students.

Mrs. Boswell is quite an apple polisher!

Miss Boehler chuckles at a funny story while her class works.

Mrs. Boswell and Mrs. Childress sell tickets for basketball—one of their many duties.

Mrs. Taylor proofreads an article for the *DECLARATION*.

Miss Wingfield answers questions from the class.

# *Band puts spirit into the school year.*

Mr. Moore teaches band and chorus.

Mr. Moore enjoys playing along with the band.

Chorus performs at school assembly under the direction of Mr. Moore.

The Jefferson Forest Band is having a very busy and fun-filled year. The band has performed at all of the football games and pep rallies and will be going to all the home basketball games this year. The band has performed in 2 assemblies this year and has participated in the Bedford parade at Christmas, placing 3rd out of six bands. The band and chorus will perform at Graduation.

Mr. Moore checks his information for the band banquet.

Miss Layne Ridenour gets depressed at the thought of cleanup.

Miss Ridenour examines a student's art work.

## *Art department encourages creativity.*

June Creasy works at the potters wheel during class.

The art classes have really brightened the school this year by painting "strange things" on windows outside of the classrooms. The students also worked toward the annual Bedford County Art show in the spring by constructing chairs from cardboard and other objects, drawings, paintings, pottery, and other crafts. Twenty ribbons were awarded to JFHS students.

The art club has also helped out by making posters to advertise area art shows and other club events. They also went to a Crafts Festival in Roanoke and Bowling in the Spring.

Mrs. Owen's Spanish classes have been busy with everything from cooking Spanish and Mexican food to singing and dancing to the beat of their music.

In March, Mrs. Owen had to take a little vacation to greet her new daughter, Dawn Marie. Well wishing students presented Mrs. Owen with many gifts and the classroom held quite a few showers.

Mrs. Peiche, the substitute also received a warm welcome. Mrs. Peniche has been described by her students in short as, "a cool chick"!

Mr. Sowell's French Classes have had a wide variety of activities. The year was filled with films, slides, speakers and music of Europe. French students developed their skills in French cooking by fixing fondue, crepes suzette, bread and cheeses. One week, students went down to the elementary area to teach 5th and 6th graders French. Mardi Gras was celebrated in March with games, an assembly and French Day. Nine students went on a trip to Ireland, England and France over Easter. Outside school, students ate at restaurants, went ice skating at Roanoke Civic Center, swimming at Lynchburg College, a picnic and a French movie and play.

The German classes celebrated Oktoberfest in October with music and games. The German food cooked was scharzwaldler kirschtorte and sausage. Sounds devine, doesn't it? Class members have tried out Bavarian food, as well. They received much information on German food, music, painting and literature.

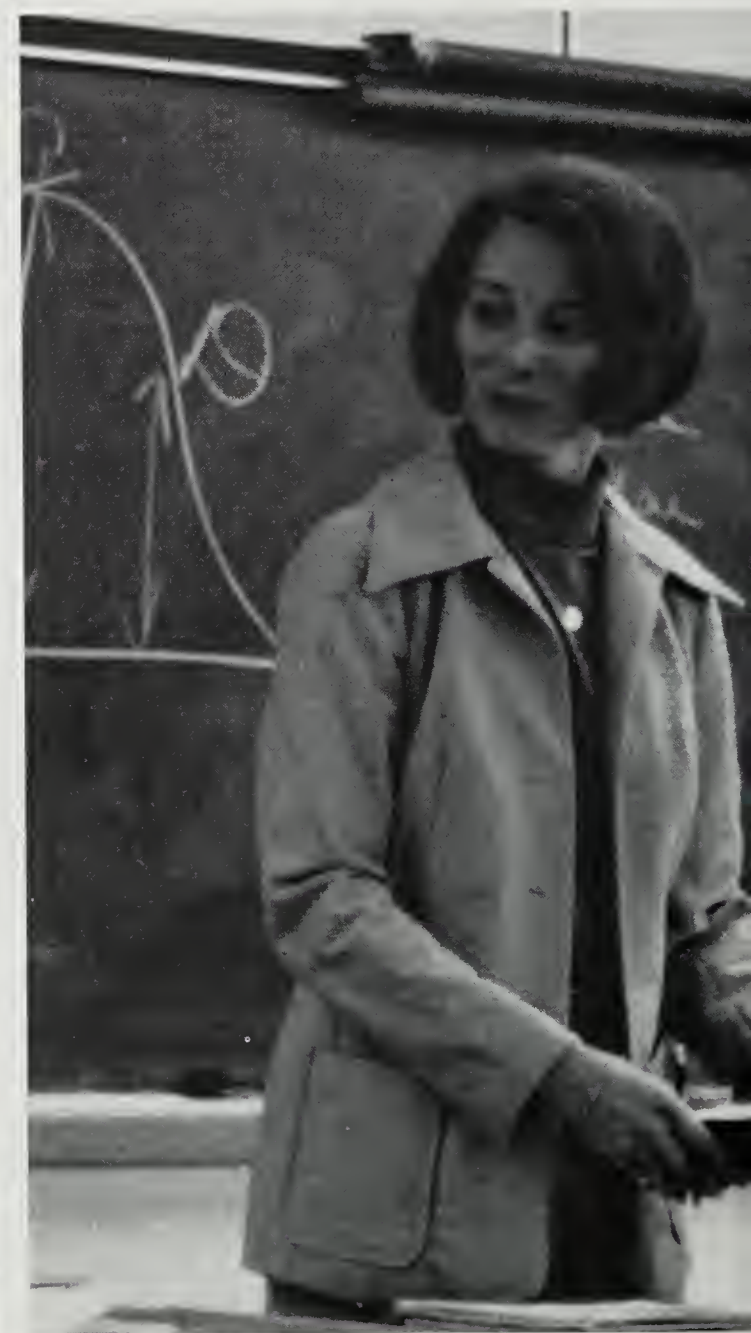

Mrs. Owen catches Harold Brown unprepared before class.

Mr. Sowell goes over a test with his students.

Student teacher, Miss Mandeon, helps Mrs. Owen in class.

Mrs. Smith learns a thing or two herself!

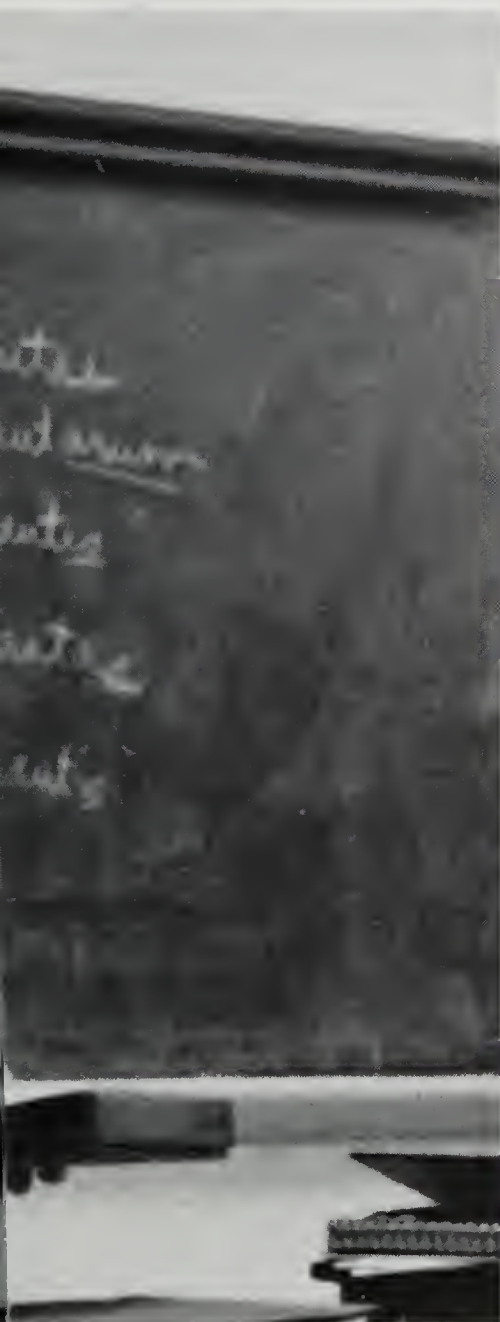

Mr. Sowell needs a few minutes to prepare for his next class.

Mrs. Smith is happy to find an increasing number of students in the Latin classes and she hopes that the coming year will be even better.

This year, students have cooked Italian foods in class and held a banquet, a play and an exciting "Day in Old Rome". Of course all first year students spent the year looking forward to the June "Freedom Day" picnic. Other activities the club is involved in are pizza parties, caroling, swimming, spring party, and a trip to Busch Gardens.

Mrs. Smith also enjoys her Sociology classes because they are concerned with current issues and controversial topics. As a culminating activity, students will form their own society, its laws and institutions.

## *Foreign Language Department*

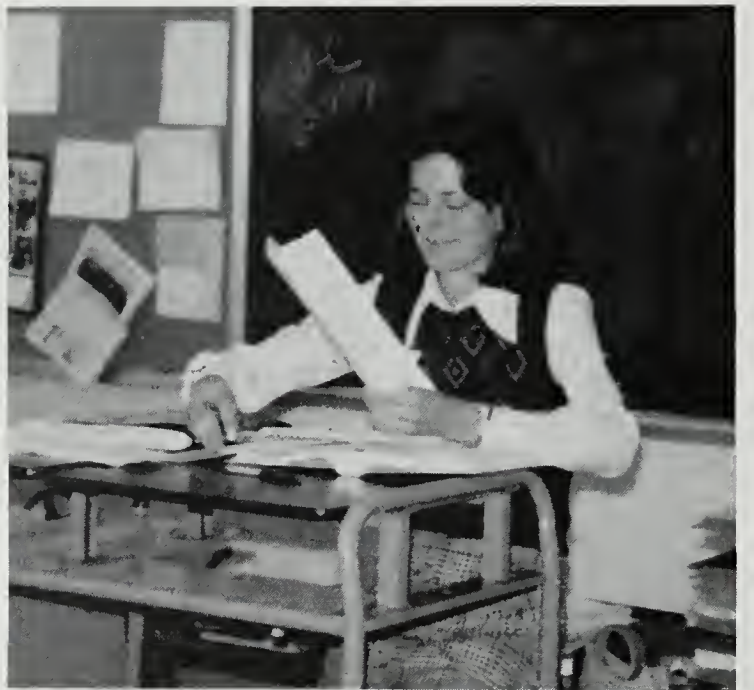

Wonder what they told her that time?

# *Business teachers prepare students for the world of work.*

In shop classes students learn to care for cars and equipment. Business classes teach skills needed for business. DE is an outlet for the other 2 areas. Agriculture helps people interested in farming to learn new methods. The teachers are: Mr. Stephen Jones, Agriculture; Mr. Gary Thomas, Agriculture; Mr. Andrew Anderson, DE; Mrs. Carolyn Madison, Typing, Gen. Bus., Clerk-Typing; Miss Lawanna Watson, Stenography, Typing, Gen. Bus.; Mr. Jeff Schleicher, Ind. Arts, Mech. Drawing; Mr. Charles Gentry, Ind. Arts., Woodworking.

Mr. Anderson seems to enjoy his work.

Miss Watson helps Thelma Turner during class.

Mrs. Madison shows Maria Goff "It's in the book."

Miss Watson finds work easier sitting down.

"Last night, I didn't get to sleep at all."

*Agriculture students  
learn about farming.*

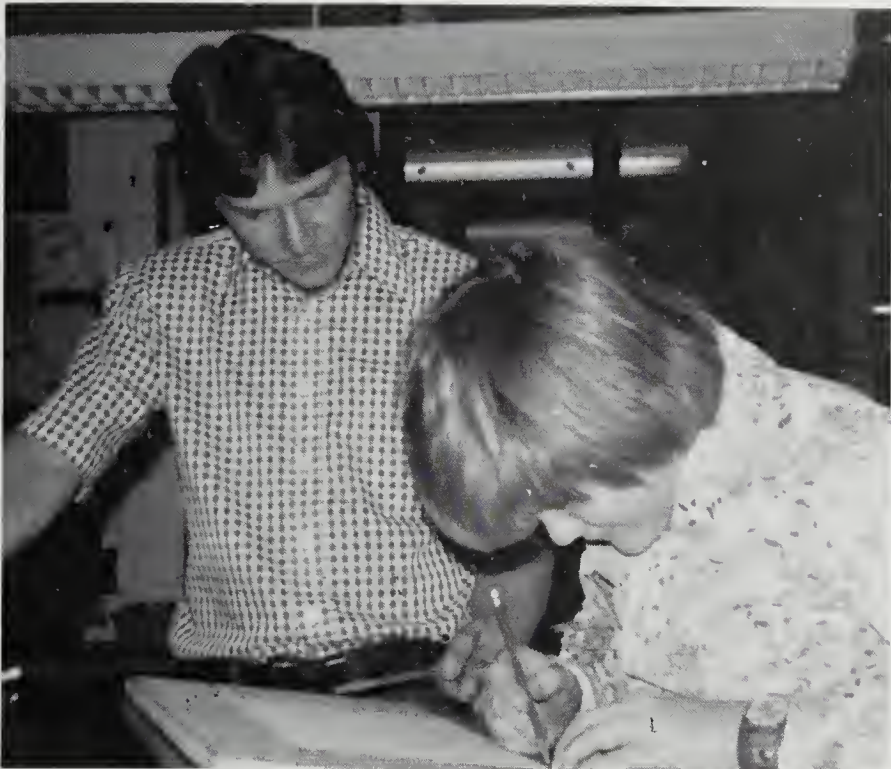

Donald Crouch shows Mr. Gentry something "very interesting."

Mr. Schleicher assists Mackey Bryant on a project.

Mr. Thomas tells Harry Bare "This is a fan!"

Mr. Schleicher waits to play another one of his tricks.

Mr. Gentry makes minor adjustment before playing.

You aren't supposed to look so conspicuous when you have your picture taken!

Miss Jackie Wilson searches for conclusion for her Home Ec. students.

## *Home Economics Department*

Students finish Home Ec. projects.

During the year of 75-76, the Home Economics classes have learned a variety of things, such as cooking, sewing, personal grooming, etc. At Christmas and on other special holidays and through out the year the Home Economics classes gave a "Tea" for all the teachers of J.F.H.S. Miss Wilson teaches Home Ec. I, II, III, IV. Mrs. Dunn teaches same.

Mrs. Katherine Dunn spends a little leisure time with her Home Ec. students.

Dawn Hensley cautiously opens gift.

Laura, Mrs. Boswell, Dawna, Susie and Dawn worked after school to finish *Carousel*.

# Advanced Grammar Class Produces Literary Magazine.

"Polyanna" Christmas presents show creativity of the students.

Advanced Grammar class, sponsored by Mrs. Boswell, entertains Mrs. Childress's class.

## Staff

Donald Crouch, Calvin Thomas, Bryant Hare, Mike McDaniel, Steve Preston, Loretta Austtin, Mary Wilburn, Laura Greenwood, Susie Watson, Pam Cash, Carol Dunford, Tom Bell, Sharon Willis, Dawn Hensley, Mike Thornton, Becky Johnson, Linda Austin, Clint Rivers, Nancy Watts, Larry Lipscomb, Debbie Burnette, Celia Cohan, Sheila Branch, Dawna Johnson, Lily Goff, Teresa Laughlin, Inez Whorley, Barbara Davis, Ginny McCabe, Nancy Watts (ed. in chief), Mrs. Susan Lindstrom (editing), Mrs. Ruth Boswell (sponsor).

Although we got off to a slow start, the results of our time and efforts toward the publication of Jefferson Forest's first literary magazine were much more than we had anticipated. Plagued with practically nonexistent funds, little interest, and limited time, each member of the staff was forced to obtain at least one patron and strive to increase student interest. Both tasks were successful. Beyond a doubt, *Carousel* proved to be something of which each student could be proud.

# *Boys P.E. classes compete against each other.*

Coach Russell "wants you" to take P.E. seriously.

Soccer is just one of the many sports taught in boys P.E.

Student teacher Jeff Robey watches a wrestling match.

The Boys P.E. classes practiced many hours for championship wrestling, soccer and other matches. They also learned rules of different sports basics for health and safe driving. Although the boys waited anxiously for each championship, they are very excited about the end of the year when they will throw Mr. Russell in the shower.

There were 4 student teachers in boys PE: Mr. D. Vaden, Mr. J. Robey, Mr. J. Overall, and Mr. Hollander.

Coach Yudowitch records track scores.

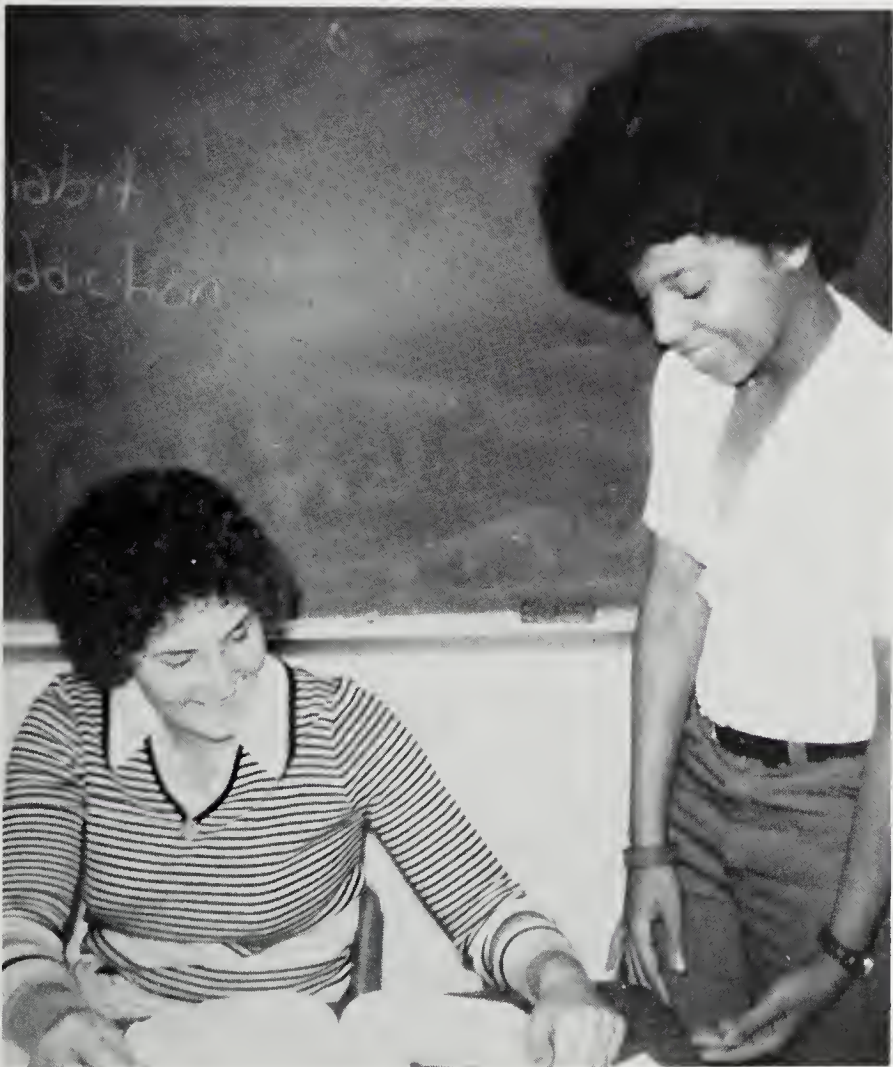

## *Girls P.E. learn varied sports skills.*

Coach Buckner examines a time of a track member.

Miss Seymour checks the role in gym class.

Miss Buckner explains health to Phyllis Jackson.

Janet Calloway pushes hard for first place.

The Girls P.E. classes learned many things this year. Among the newest, the basics of the men's sport of football. We also learned about gymnastics, softball, tennis and some modern dance.

There were two Student teachers in Girls PE: Miss Ong and Miss Ralph.

Miss Chris Smith teaches Special Education.

Miss Ivery is the reading teacher at JFHS.

*Special Education and Reading focus on special skills.*

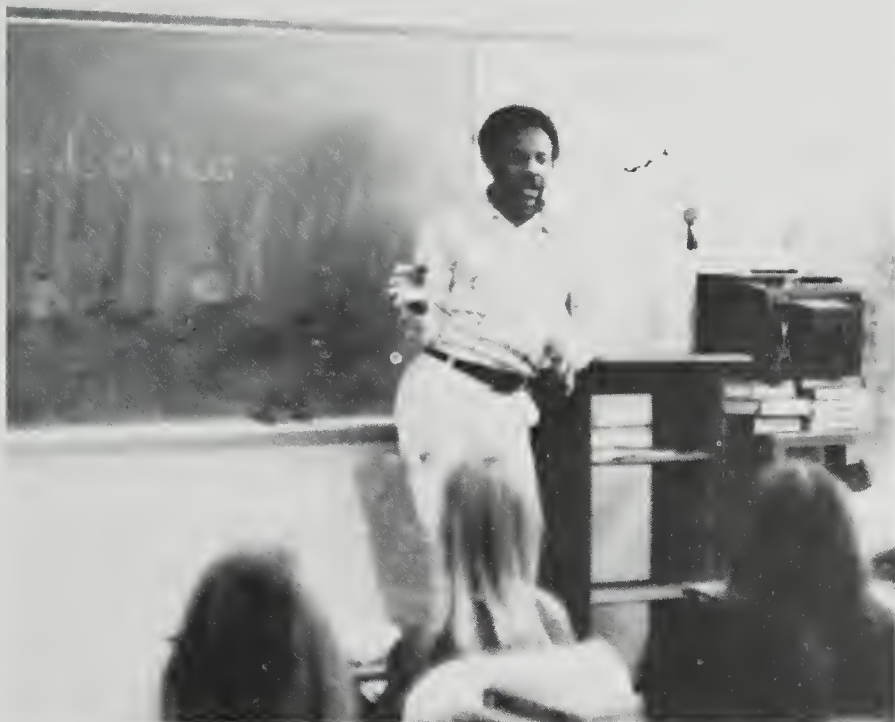

Miss Linda Ivery helps one of her students.

Miss Smith seems very involved with her class.

Mr. Lowry teaches 7th grade.

Mr. Lowry talks to Mr. Wingfield at a pep rally.

## *7th graders experience new horizons.*

Miss Anderson began teaching 7th grade in March.

Mr. Larry Lawhorne carries paper to make TESTS!!!

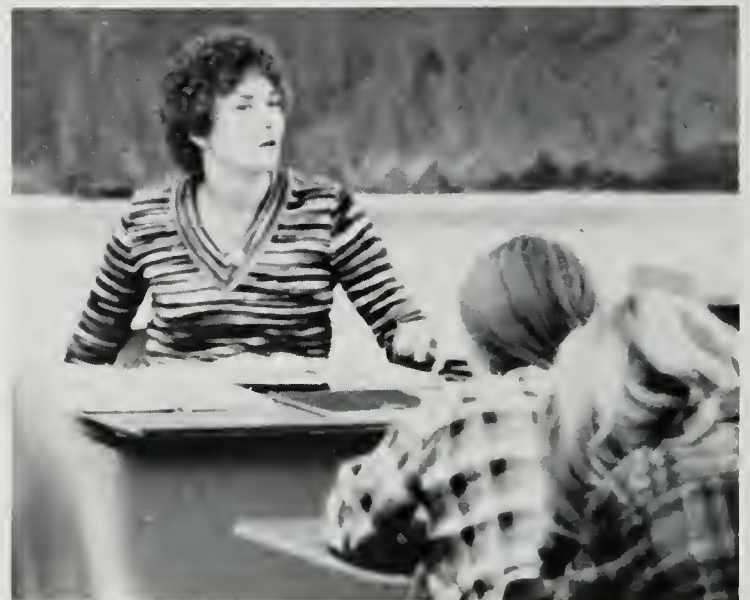

As seventh graders, we have really enjoyed being able to get a glimpse of high school life and are looking forward to taking part in it. This year has been a very busy year for us. Some of the subjects we have covered are: Geometry and other forms of math, the Federal Government in social studies, and spelling or English. We've also gotten small portions of Home Economics, Art, Music, and Reading. Altogether, this year was really fantastic!!

Susan Hollandsworth.

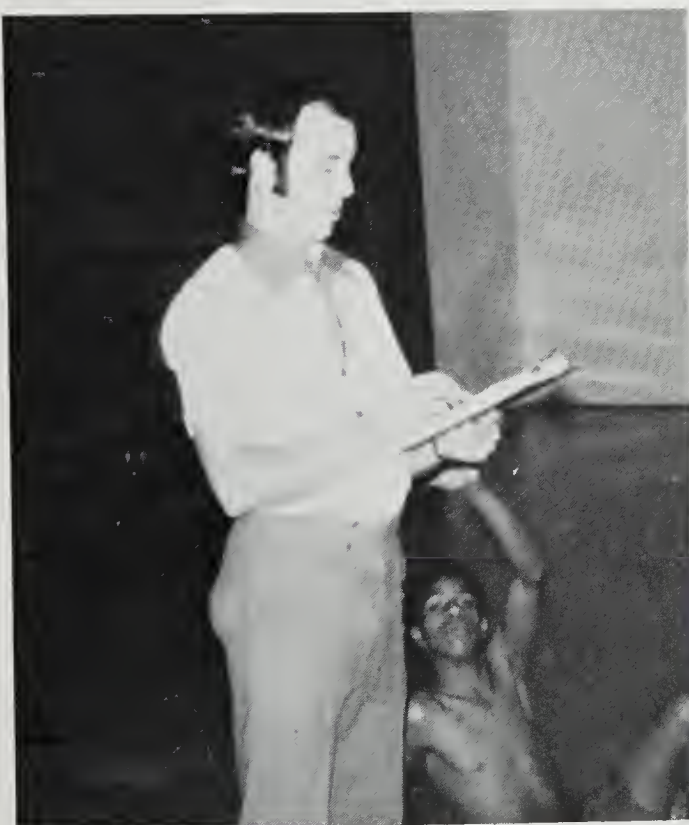

(Left to right): Steve Calloway shows his respect for Mr. Owen. Miss Wilson realizes that sometimes even teachers have to resort to dictionaries. Mrs. Boswell shows Mrs. Dick how much of a ham she is. Mr. Webber adds a little class to his teaching. Miss Buckner is stealing a glance to see who is talking.

(Left to right): Mrs. S. Smith decides this is a good day to skip with her husband. Mr. Lawhorne and Bryant Hare try to announce a football game. Miss Boehler gives a disgusted look for picture taking. Mr. Russell is getting names of goof-offs. Miss Mandien tries to conceal her amusement as Spanish students act silly.

*The many  
faces of  
teachers.*

"You mean I have to actually teach you what I know?!" Now, make sure you wear your rubber boots and take your umbrella.

*Teachers possess many strange talents and ways.*

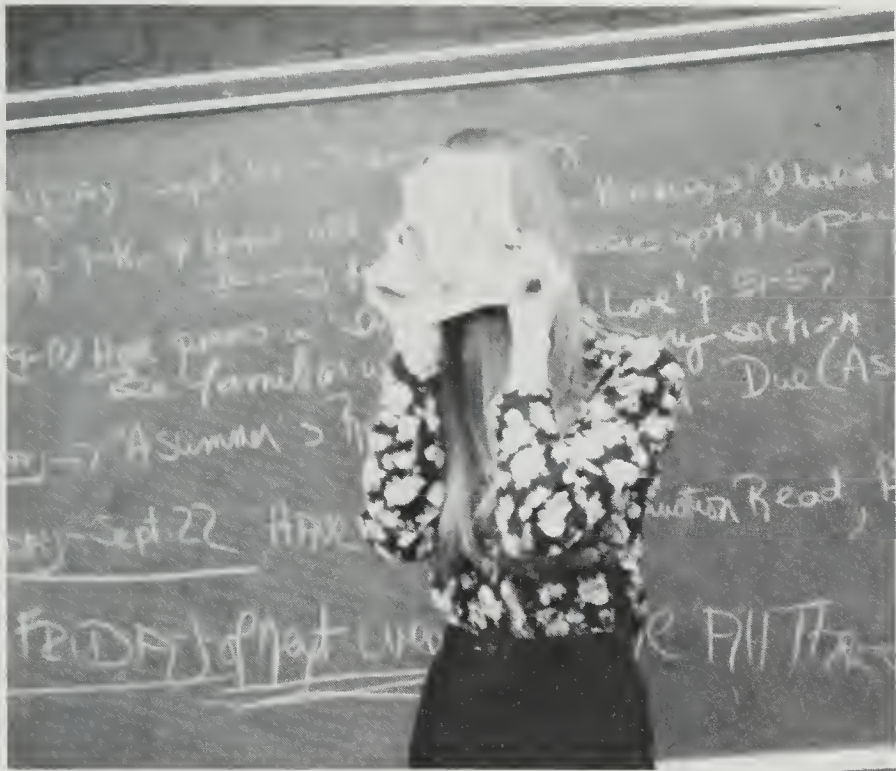

Mr. Thompson faints at the sight of blood. Mrs. Vincent's "Hydra Dance" is the latest thing.

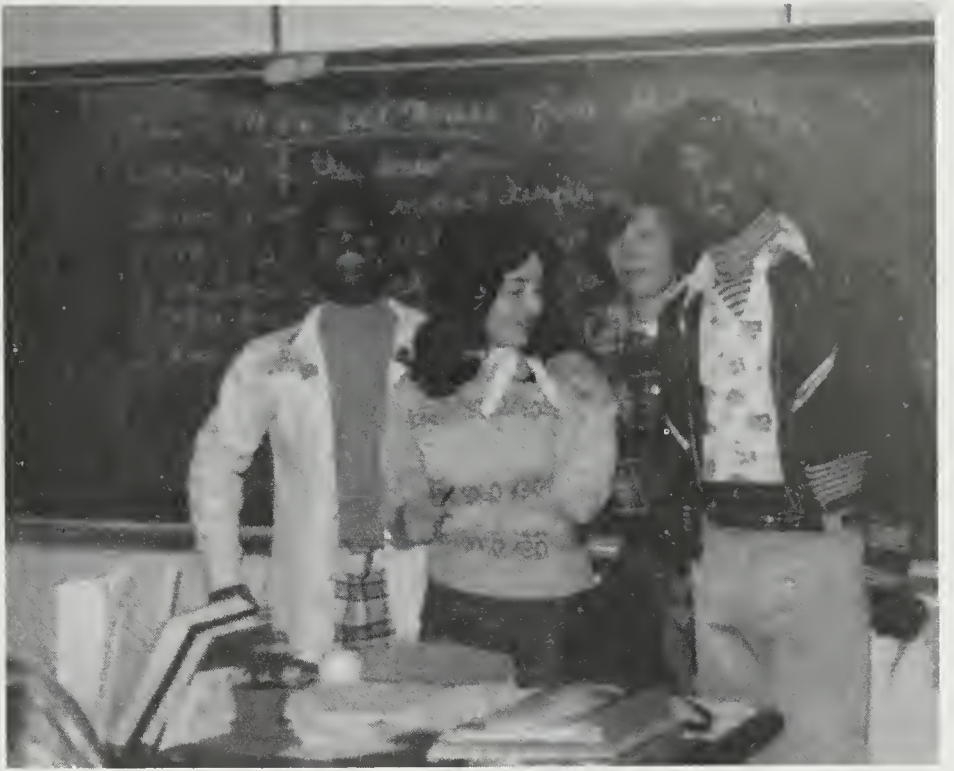

This dress seems to be a little skimpy. Nothing like a friendly pat on the back.

Mrs. Boswell hides behind Joe Namath. What's she looking for?

Just a few animals in Mrs. Childress's zoo 4th period.

After a long day, her hair holds out longer than she does.

Mr. Schleicher hides ... what?

Mrs. Boswell finally turns 12!!!

# *Where would we be without the Cafeteria staff?*

The cafeteria works very hard in preparing well-balanced and good meals for the student body of Jefferson Forest and Forest Elementary. They are also responsible for serving at banquets. This year, for the first time, there was a choice of the regular menu or hamburgers and french fries. We may complain about the food, but these people deserve our thanks.

## *Cavaliers finish fourth in District.*

Coach Styles watches with pleasure as the Cavaliers defeat Amherst.

A Cavalier takes a much deserved break.

Senior Sammie Otey carries the ball against Staunton River.

For the first time ever we have a new and better Bedford County champion, the mighty, mighty Cavaliers. Jefferson Forest won this title by defeating the minutemen of cross county rival Liberty. This game has always meant alot to both schools, each time the two meet Liberty had won the first three years but this year it was a totally different event as the Cavaliers won by the great score of 18-10.

Liberty got on the scoreboard first with a field-goal in the first quarter, but the Cavaliers came roaring back to get two quick touchdowns in the second quarter to make the score 12-3 at the half.

Liberty was fired up at the start of the third quarter and got their only touchdown of the game to make the score 12-10 with the Cavaliers still on top. Jefferson Forest scored again in the third quarter to make the score 18-10 to mark the end of the scoring of the game. The fourth quarter was a defensive battle with neither team getting much of a chance to score. As the final gun went off the Cavaliers exploded with joy over their FINEST victory of the season.

TOUCHDOWN CAVALIERS.

The players are introduced at the pep rally.

Give me an orange soda and moon pie please. This season was filled with a party after each game to socialize and celebrate the victory with the cheerleaders and fans. Between running to Kings during practice and the daily gossip session they were trying to teach one another the cheers that they all of a sudden forgot when they got in front of the fans because they were trying to look at the boys instead of keeping their minds on the cheer. The highlight of the season was getting to ride to all the games with *BIG T* and totally destroying the van he let us use by spilling sodas and the hamburgers from DUDES in downtown Altavista.

Coach Schleicher works hard to turn his boys into men.

It takes many long hours of hard practice to produce a winning football.

It seems like that guy's never gonna come out!

The J.V. Football team, led by coaches Jeff Schleicher and Dan Hritzko, had a winning season with a record of 8-2-0. Some of the outstanding players for the J.V.s were Alvin Spinner, Ralph Rhodes, Jay Conner, and ends Bill Burnette and Milton Mack.

Being hurt by graduation in the year 75 the Cavalettes came back with another winning season which ended in a tie in the regular season with Liberty with a 7-3 record. The girls worked hard this season to get into the tournament and they did defeat Altavista in two straight games in the first round but lost to Appomattox in two straight games in the semi-finals.

The whole school was very pleased with the success of this years team and we are sure that they will have a good season next year also. The team played good this year but a lot of credit goes to the coach, Miss Buckner for all her time and help.

This years Varsity basketball team ended the season with a winning record. The Team's record was 12 wins and 8 losses. There was one loss in the tournament.

When the record was 6 wins and 5 losses, the team acquired a new head coach, Jerald Lowry. He led the team to a sparkling 6 wins and 3 losses in the 2nd half of the season. Kelly Russell was the assistant coach.

Our team will lose 6 seniors: Arthur Read, George Hicks, Mike Brown, Delma Jackson, Mike Thornton, and Calvin Thomas.

We are looking forward to a good season next year and would appreciate your support.

Sheila Branch tries for a foul shot.

Sheila Branch and Vickie Davis watch for the ball after a foul-shot.

When practice started in Nov. the girls basketball for the yr. 75-76 had it's work cut out for them. We were playing behind a team that had won both the regular season and tournament champions the previous year. This was a hard job but we showed potential for the years to come by working hard in practice and trying new things. One example is man-to-man defense. The team members next yr. will more readily adapt to this defense because of the time spent in practice on it. Many of the players will be going to camps this summer so this will also help them in the individual skills you sometimes don't have time for.

Sheila Branch, Captain 75-76

Woops! ... looks like the other team won that shot!

# CLUBS

The purpose of this organization is to promote scholarship, leadership and good citizenship within the school. Students were tapped into the organization in their junior year after having been recommended on the basis of worthy character, creditable achievement and commendable attitude.

This year's group served the school and the community by sponsoring a Blood-mobile and a Toys for Tots campaign at Christmas. The club held the traditional banquet and quite a few members attended the exciting state convention held in Roanoke, January 9-12.

The French Club has been very active this year. We began the year with a picnic for the members and as a club we went ice skating and swimming. Along with the Spanish and Latin Clubs, the French Club took a trip to Busch Gardens. The biggest event of the year, however, must have been Mardi Gras. During this week of festivities the French students had games, wine drinking contests, dancing, and delicious meals of French food. To end a great year some of the students, along with Mr. Sowell, visited Europe for a week of excitement and fun.

The Latin Club is open to all students who are taking or have taken it. Its further interest in the study of Latin and the ancient Roman culture. It features such activities as speakers, filmstrips, games, skits, a pizza party, a banquet, and a "Day in Rome". It also works in conjunction with other language clubs, doing such thing as swimming and holding a Foreign Language Assembly.

The Sponsor is Mrs. Shirley Smith and the consuls are Bill Thorton, Diane Creasy, and Marshal Evens.

*The Declaration*, the school newspaper, is published four times a year by the journalism class. The staff also included the second year typing students. Other students may contribute articles, type or sell ads. The staff encounters many problems, such as: lack of equipment, funds, and room, but most of all student apathy. The total income for financing *The Declaration* comes from advertising and circulation.

This year's staff has worked very hard to produce an interesting school paper. We have and continue to encourage all students to contribute to the paper in any way. Support your school publications—Don't criticize if you're not willing to help improve them by joining the staffs.

The class patiently awaits orders for the day from Mrs. Taylor.

FHA has really been active this year. They started out with a trip to the Richmons State Fair with the FFA. At Christmas time a guest visitor came to show new crafts for Christmas and afterwards there was a party. The Mother-Daughter Banquet was held May 5 and a picnic is planned with the FFA at the Peaks for the end of the year.

The Jefferson Forest FFA chapter has worked hard in the many contests in which they entered. The contests were within the area except the Livestock Judging in which the chapter was the top team in the state. Also first place in the Dairy Judging Contest, the chapter lost only one contest out of six, which is an outstanding record.

The chapter also held a contest between chapter members. Some of the contests were the Record Book Contest, in which Ray Perkins was the winner, Games Law Contest in which Tommy Bowyer was the winner.

One of the Chapter's biggest events was their annual family banquet in which progress awards were awarded to chapter members. George Hargis, highest magazine salesman, was awarded a trophy and two rifles. Overall, the chapter had an excellent year. Also the officers did an outstanding job.

## *The FBLA Club*

Members of the FBLA carol for the students on Christmas Club Day.

"RING IN THE SPIRIT OF '76 BY SERVING FBLA" This year has been a successful one for the Future Business Leaders of America in our school.

The chapter attended the Fall Planning Conference at V.P.I. and S.U. in September. As a Service project in October, we entertained the Kindergarteners with a Halloween Party. As a moneymaking project, we sold candles. In January, we had a guest speaker from National Business College in Roanoke. In February, we had a speaker from the March of Dimes Foundation, which the FBLA supports. In March, the chapter attended the 2nd Annual Regional Conference at V.P.I. In competition there, our bulletin board received a superior award and our scrapbook went on to State Competition. With the school year drawing to a close, we will elect new officers who will be inducted at our installation Banquet on May 18.

## *The Bible Club has many speakers during the year.*

The Bible Club has had a Successful year. Each meeting was filled with scheduled speakers and many activities. Each member was involved in planning club meetings, parties and speakers. The number has greatly decreased since last year due to the deletion of one club day. This decrease has enabled the club to be more involved and to concentrate on more on interesting meetings.

Craig Parrent considers his next move.

The Chess Club has finished another exhilarating year, with many members wiser. Many hours have been spent establishing a state of mind that requires a great deal of concentration. And, the minds of those who never quite got the hang of it can rest assured that next year will be as fulfilling as the past four.

A typical club meeting atmosphere.

# *The Equestrian Club Gallops through a new year.*

The purpose of the Equestrian Club is to bring together people who have a common interest in horses and to develop knowledge and appreciation of the horse and those activities involving horses. The club attempts to lay the foundations on which effective horsemanship and specialized forms of riding may develop according to the individual interests of each member.

One of our immediate goals is to have a fall or spring horse show next year. Various activities planned will help raise money for award ribbons.

As a member of the Equestrian Club, I hope others will take an interest in horses and show their interest by joining our club and contributing to our discussions of horses and horsemanship.

# *The Martial Arts Club strikes again!!!*

The Jefferson Forest Martial Arts Club has been an active club for the last three years. The club is composed of members of the student body from 8th to 12th grades who are interested in exploring and becoming involved with Karate, judo or any other form of self defense. The club has various demonstrations from all areas of the state.

At the beginning of the 75-76 year, the club had close to 70 applicants. After the screening, the number dropped to around 30. The club is the only Karate organization that exists anywhere on the High School level within the State of Virginia. The purpose is to stimulate both mentally and physical awareness pertaining to Self-Defense *only*.

## *The Photography Club snaps its way to fame.*

Photography club members watch a demonstration of photo equipment by new sponsor Mr. Turpin.

The photography club has done many interesting things this year. They have learned the art of good picture-taking, besides learning how to develop their film once they have shot it. They also have learned how to use complicated lenses and different lighting for different situations. Since this is a relatively new club, the membership is still small. The club hopes that next the number will increase and that they will be able to improve their equipment and knowledge.

The SELVETTA staff is fortunate to have people from the club working on the yearbook. We encourage all interested persons to join and help contribute to your yearbook.

At the time that this picture was taken, the club had just been formed and its membership had not yet grown in number. It now has over twenty members who practice regularly and compete against each other. There are two divisions. Division I weighs 170 pounds and over. Division II weighs 170 pounds and under.

Membership standards are as follows: Bench—200 lbs., Jerk—200 lbs., Bench body weight + 50 lbs., Jerk body weight + 50 lbs., Military body weight + 20 lbs.

The DECA Club of Jefferson Forest has had a somewhat busy year. The activities included: Fall Rally at E.C. Glass, District Leadership Conference and State Leadership Conference.

John Graves acted as voting delegate at the State Leadership Conference. Jerry Austin won third place in the "Display" contest at the District Conference.

The club had several sales projects during the year in which funds were raised for the yearly activities.

The final event will be the Annual DE Employee & Employer Banquet which will be held at a local restaurant.

The 1976 Jefferson Forest Cavalier Varsity Baseball team closed out its most disappointing season in the 4 year history of the school, posting a 11-10 record. Although the season was disappointing, there were several bright spots during the year, namely the surprising ability of the younger players to adapt to competition of the varsity level. Lack of consistent hitting proved to be the chief weakness of this year's Cavalier nine. Next year promises to be a bright one with the baseball team only losing 3 seniors to graduation.

Joey Tomlin makes a good play at first.

Ray Perkins shows great effort in tag at 2nd.

Mike Thornton and Coach Webber discuss next move in playoff game.

Todd Bryant, Designated hitter, has a close call. SELVETTA thanks Lee Graves from the "Bedford Bulletin-Democrat for pictures.

Sheila Branch hits ... then scores.

Dot Brown pitches in practice.

Pam Perkins, 3rd baseman, makes the play.

Carol Price, catcher, is up to bat next.

The girls softball team this year ended their season with five wins and five losses. The Cavalettes had a strong early season winning streak but the last few games were a disappointment. Mr. Gentry, the coach, backed us up the whole way. They're hoping for an even better season next year and more support from fellow students.

Team members line up for a picture.

## *J.V. Baseball shows team strength*

Milton Mack gets a pick off at first.

J.C. Owen hopes for a hit.

Monzell Jefferson brings the team back to bat with his catch.

The gang before a game.

The J.V. Baseball record, 4-11, did not show a winning season but the team had a lot of good players that just couldn't get it together. The team was helped by outstanding pitching by Bill Burnette, Milton Mack and Buzzy McFaden. Outstanding defensive players were Mike Craig, David Harris, Will Bonner, Cedric Carroll, Billie Spinner and Kenny Feydt. Power hitting came from Buzzy McFaden, Bill Burnette, Will Bonner and Mike Craig. The team was led by Coach Jeff Schleicher and Coach Burnette. Coach Burnette came from New London to help out the team.

The team had a good time when Bill Burnette, Todd Fulks, Will Bonner, Cedric Carroll and Randy Winks gave Coach Scheicher a "pink belly" after the last game.

Mike Craig shows much determination when he swings!

Billie Spinner puts everything into his catching.

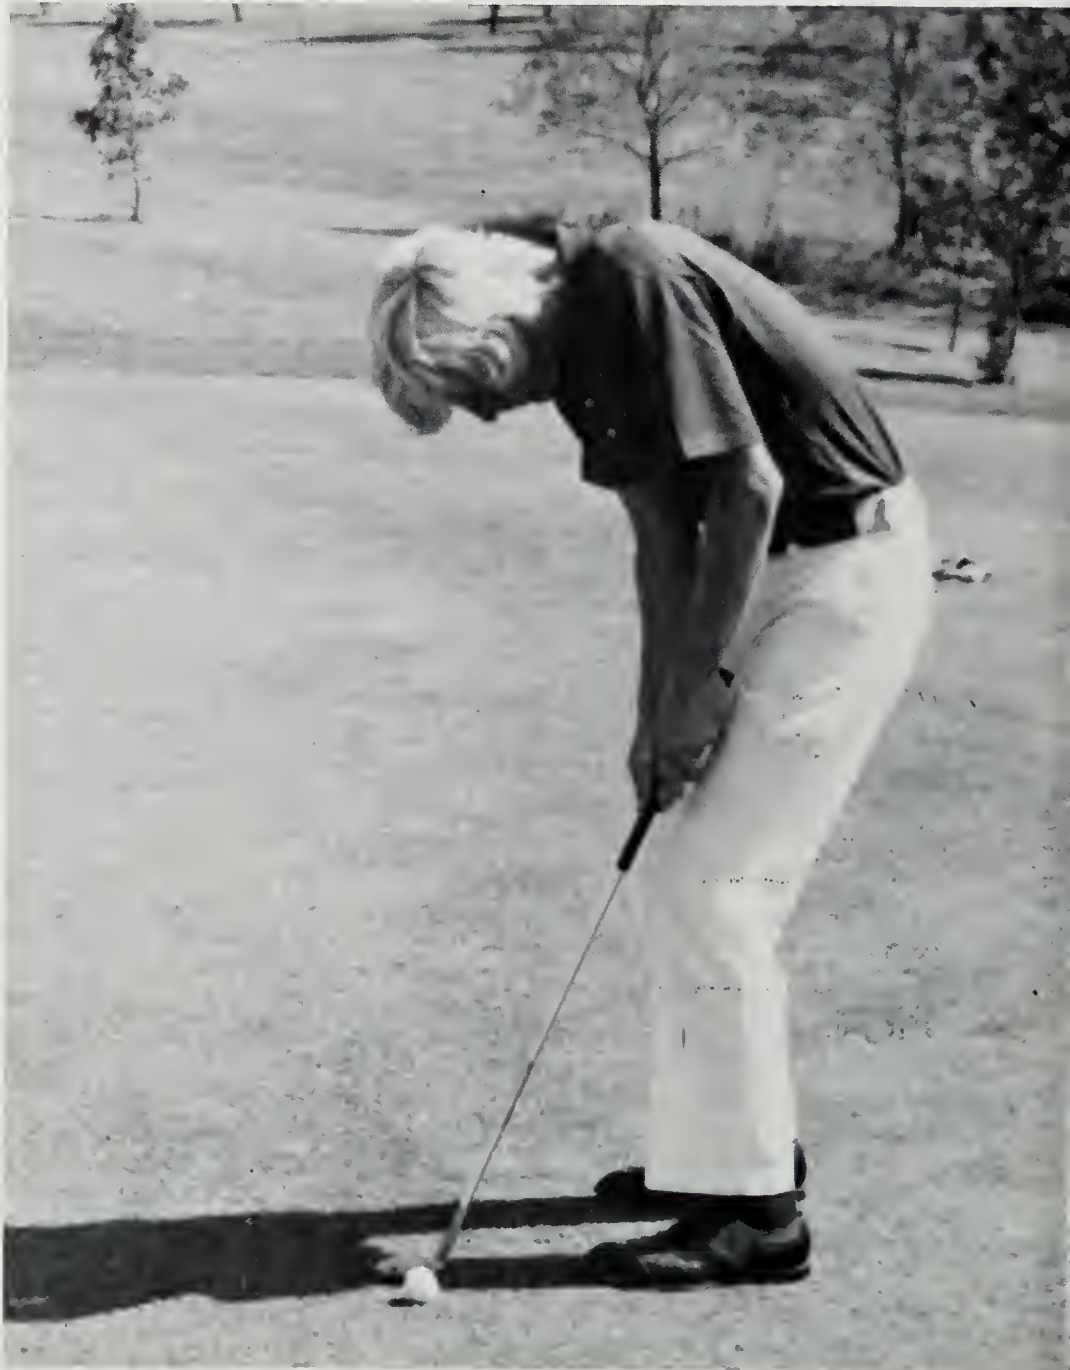

Coach Schleicher demonstrates the proper grip.

*Golf Team Qualifies For Regional's*

Successful: A word that has always described golf teams in the past and a word that fits again. This year's golf team, coached by Mr. Jerald Lowry, had a season record of 7 wins and 5 loses. This is not a tremendous record, but the members redeemed themselves in the district match, where they defeated Altavista in a playoff match for third place and the opportunity to go to the regional tournament in Roanoke. The success of the team can be credited to the coaching job of Mr. Lowry and the hard work of the members.

Top: Mr. Lowry sits down on the job.

Top Right: Scotty Newcomb and Bryant Hare watch the tee off.

Left Center: Bryant Hare and Monty Goff wait their turn.

Left Bottom: Donald Smith examines the situation before putting.

Right: Scotty Newcomb, district match medalist.

Top: Donald Smith, Monty Goff and Chris Fellhoelter watch the action from the hill.

Middle: It's a hard walk carrying all those clubs.

Bottom: Team members move on to the next hole.

Right: Chris Fellhoelter searches for his ball hopelessly.
